General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a - k of Section B.

Section A, Budget Summary Lines 1-4 Columns (a) and (b)

For applications pertaining to a single Federal grant program (Federal activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a single program requiring budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the catalog program title on each line in Column (a) and the respective catalog number on each line in Column (b).

For applications pertaining to multiple programs where one or more programs require a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should always provide the summary totals by programs.

Lines 1-4 Columns (c) through (g)

For new applications, leave Columns (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in Columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (c) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (c) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (c) and (f).

Applicants should retain for their records one copy of the application and all enclosures which accompany their application. Erasures or other changes must be initialed by the person signing the application. To facilitate the competitive review of the applications, USAID will consider only applications conforming to the format prescribed below.

COST APPLICATION FORMAT

The Cost or Business Application is to be submitted under separate cover from the technical application. Certain documents are required to be submitted by an applicant in order for a Grant Officer to make a determination of responsibility. However, it is USAID policy not to burden applicants with undue reporting requirements if that information is readily available through other sources.

The following sections describe the documentation that applicants for Assistance award must submit to USAID prior to award. While there is no page limit for this portion, applicants are encouraged to be as concise as possible, but still provide the necessary detail to address the following:

- A. A copy of the program description that was detailed in the applicants program description, on a 3-1/2" diskette, formatted in Word97.
- B. Include a budget with an accompanying budget narrative which provides in detail the total costs for implementation of the program your organization is proposing. The budget must be submitted using Standard Form 424 and 424A which can be downloaded from the USAID web site, http://www.usaid.gov/procurement_bus_opp/procurement/forms/sf424/;
 - the breakdown of all costs associated with the program according to costs of, if applicable, headquarters, regional and/or country offices;
 - the breakdown of all costs according to each partner organization involved in the program;

RFA 623-03-006

- the costs associated with external, expatriate technical assistance and those associated with local in-country technical assistance;

- the breakdown of the financial and in-kind contributions of all organizations involved in implementing this Cooperative Agreement;

- potential contributions of non-USAID or private commercial donors to this Cooperative Agreement;

- your procurement plan for commodities (note that contraceptives and other health commodities will not be provided under this Cooperative Agreement).

C. A current Negotiated Indirect Cost Rate Agreement;

D. Required certifications and representations (as attached):

E. Applicants who do not currently have a Negotiated Indirect Cost Rate Agreement (NICRA) from their cognizant agency shall also submit the following information:

1. copies of the applicant's financial reports for the previous 3-year period, which have been audited by a certified public accountant or other auditor satisfactory to USAID;

2. projected budget, cash flow and organizational chart;

3. A copy of the organization's accounting manual.

F. Applicants should submit any additional evidence of responsibility deemed necessary for the Grant Officer to make a determination of responsibility. The information submitted should substantiate that the Applicant:

1. Has adequate financial resources or the ability to obtain such resources as required during the performance of the award.

2. Has the ability to comply with the award conditions, taking into account all existing and currently prospective commitments of the applicant, nongovernmental and governmental.

3. Has a satisfactory record of performance. Past relevant unsatisfactory performance is ordinarily sufficient to justify a finding of non-responsibility, unless there is clear evidence of subsequent satisfactory performance.

4. Has a satisfactory record of integrity and business ethics; and

5. Is otherwise qualified and eligible to receive a grant under applicable laws and regulations (e.g., EEO).

G. Applicants that have never received a grant, cooperative agreement or contract from the U.S. Government are required to submit a copy of their accounting manual. If a copy has already been submitted to the U.S. Government, the applicant should advise which Federal Office has a copy.

In addition to the aforementioned guidelines, the applicant is requested to take note of the following:

H. Unnecessarily Elaborate Applications - Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective application in response to this RFA are not desired and may be construed as an indication of the applicant's lack of cost consciousness. Elaborate art work, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor wanted.

RFA 623-03-006

O. Authority to Obligate the Government - The Grant Officer is the only individual who may legally commit the Government to the expenditure of public funds. No costs chargeable to the proposed Grant may be incurred before receipt of either a fully executed Grant or a specific, written authorization from the Grant Officer.

SECTION B - SELECTION CRITERIA

The criteria presented below have been tailored to the requirements of this particular RFA. Applicants should note that these criteria serve to: (a) identify the significant matters which applicants should address in their applications and (b) set the standard against which all applications will be evaluated. To facilitate the review of applications, applicants should organize the narrative sections of their applications in the same order as the selection criteria.

The technical applications will be evaluated in accordance with the Technical Evaluation Criteria set forth below. Thereafter, the cost application of all applicants submitting a technically acceptable application will be opened and costs will be evaluated for general reasonableness, allowability, and allocability. To the extent that they are necessary (if award is made based on initial applications), negotiations will then be conducted with all applicants whose application, after discussion and negotiation, has a reasonable chance of being selected for award. Awards will be made to responsible applicants whose applications offer the greatest value, cost and other factors considered.

Awards will be made based on the ranking of proposals according to the technical selection criteria identified below.

7. CRITERIA FOR RANKING / SELECTION OF RECIPIENT

The following four (4) criteria will be used to evaluate applications, per the associated weights:

1) Technical approach (40 points)

In part, the technical intervention shall be assessed to the extent that it promotes the following outcomes associated with SO3:

- Expanded economic opportunities in rural areas;
- Increased access to rural finance;
- Increased savings mobilization;
- Increased off-farm employment in the rural sector;
- Increased adoption of improved agricultural production processing and business practices;

Technical approaches will be considered to the extent that interventions enhance women's initiatives in rebuilding their lives and communities in a peaceful and productive manner.

Also, technical approach will be assessed to the extent that it builds upon USAID's prior and existing investments in the rural finance sector is desired.

Accounting for the technical approach to monitoring and evaluation, the extent to which baseline and targets and that monitoring systems are put in place for the purpose of tracking impact over the life of the project is critical. The Monitoring & Evaluation (M&E) tool referenced in section 4.1 will be assessed in this regard.

In terms of the technical approach to HIV-AIDS intervention, applications will be considered to the extent they demonstrate how they build upon local experience and introduce innovative approaches to promoting community response to HIV-AIDS.

2) *Personnel (25 points)*

The Recipient will be responsible for describing the team and organization structure necessary to carry out both technical and administrative functions under this activity, including in-country out headquarters support, as necessary. This means identifying position titles and elaborating responsibilities. CVs should be attached of proposed candidates whom are committed and available.

3) *Past Performance (15 points)*

The twin goals of strengthening local institutions and rural finance delivery among MFIs and women's groups is at the core of this solicitation. Applicants should describe their demonstrated experience and results in these areas, and the skills sets they bring to address these objectives and component part (M&E, HIV-AIDS community training, etc.)

4) *Sustainability plan (20 points)*

Sustainability of this investment is a priority.

Applications will be evaluated to the extent that the desired sustainability of this investment after two years is fully addressed.

In the interest of leveraging resources and building private-public partnerships that can help to sustain this effort, the application will be assessed to the extent it identifies and incorporates in the proposed budget inputs (in-kind, cash) via private partnerships such as those described on the USAID homepage under the Global Development Alliance (GDA) tab;

In the interest of contextual, environmental sustainability, prospective applications will as well be assessed to the extent they present a clear and convincing methodology for addressing environmental soundness and adverse impact mitigation in activity design and implementation.

(NOTE: Cost effectiveness shall be evaluated separately. Demonstrated, cost-effectiveness and efficiency to the extent that resources go to local MFI partners and women's solidarity groups is desired and will be assessed favorably.)

SECTION C - PROGRAM DESCRIPTION

USAID-Rwanda Strategic Objective 3 Expanding Economic Opportunity for Rural Women Through Micro-Finance Program in Rwanda

1. **BACKGROUND**

The overall goal of the Expanding Economic Opportunity for Rural Women Through Micro-Finance Program is to provide institutional and technical support to local micro-finance institutions (MFIs) and their prospective client base represented by women's solidarity groups in Byumba and Kigali Ngali Provinces for the complimentary, reinforcing purposes of : 1) strengthening micro-finance institutions; 2) strengthening the capacity of women's solidarity groups that comprise the targeted MFI clientele under this activity; 3) improving the lives of women engaged in on-farm and off-farm activities; 4) expanding economic opportunities in the rural sector; and, 5) integrating HIV/AIDS community awareness.

This activity is intended to be fully integrated into USAID-Rwanda's Strategic Object 3 and its orientation that promotes the expansion of economic enterprise in rural areas, in large part, through increasing access to rural finance.

Over the years, USAID has invested in the rural finance sector in Rwanda, exemplified by the Women in Transition (WIT) program that started in 1996 and ended in September 2002. The WIT project succeeded in "training-up" Byumba and Kigali Ngali through a conditional grants program that later incorporated improved, "best practices" and achieved significant results, including notably high repayment rates that peaked at 98% in 2002.

More recently, in an effort to support the provision of technical assistance to MFIs, USAID supported establishment of the Secretariat of the Rwanda Micro Finance Forum (RMF), the apex organization of MFIs in Rwanda. The RMF provides fee-based technical assistance to its institutional members.

With respect to HIV/AIDS community awareness efforts, URWEGO, a local MFI, has recently established a "credit with education" pilot strategy, of which HIV/AIDS awareness is a major component. An objective is to train members in HIV/AIDS for prevention and care of family members affected by HIV/AIDS.

Rwanda has among the highest rates of HIV/AIDS prevalence in Africa. The current estimate is that 11.2% of adults are infected. The rate of infection varies significantly across the country, with higher rates in urban compared to rural areas. The challenge in the context of Rwanda is to support communities in their response to HIV/AIDS. Communities can pool their resources to target the most needy among their members with care and support. Communities can address questions of stigma and discrimination that often have a debilitating effect on people living with AIDS. Communities can conduct their own prevention activities to protect their members with the most appropriate and targeted messages. The definition of community in Rwanda is very broad. It can include an administrative unit, a church group, a women's association, or a farming cooperative, to name but a few examples. Each type of community can and must define in its own way to respond to the country's AIDS epidemic.

In Rwanda, MFIs are still nascent, and require technical assistance and capacity-building in order to improve the quality and reach of their services.

This program aims to build on former micro-finance investments in fostering a sustainable, holistic, best-practice-based micro-finance system that will serve women's solidarity groups in Byumba and Kigali Ngali, integrating HIV/AIDS community awareness.

2. ASSISTANCE MECHANISM, BUDGET and TIME-FRAME

Under a Cooperative Agreement, USAID/Rwanda’s Strategic Objective (SO) 3 seeks to build upon its prior investments in the micro-finance sector in order to achieve sustainable, development-oriented results. Under this mechanism, the Recipient shall identify and partner with its selected, Rwandan MFIs to link with and support the activities of women’s solidarity groups in Kigali Ngali and Byumba. The Recipient shall be responsible for establishing criteria for selection of MFIs that directly and consistently address the purpose of this work contained in this solicitation.

This is a two (2) year activity, with an option to renew for a third year based on factors including but not limited to performance and funds availability.

A total of \$1,100,000 shall be available to fund this activity during the 2-year period.

Of the total award amount, \$700,000 shall be budgeted by the Recipient to provide technical assistance and institutional development to MFIs and women’s solidarity groups for the purpose of strengthening micro-finance delivery; \$300,000 shall be budgeted by the Recipient to capitalize the selected, partner MFI (per section 4.1); and \$100,000 shall be budgeted by the Recipient to provide for HIV/AIDS community awareness via the solidarity groups.

Three (3) four-wheel drive diesel vehicles that were used under former USAID-Rwanda investments shall be transferred to the successful applicant for use under this activity and should not be included in the budget request.

3. PURPOSE OF WORK

The purpose of this Statement of Work (SOW) is to retain the services of a recipient organization (hereafter referred to as a “Recipient”) that will be responsible for institution-building and ensuring the sustainable delivery of rural finance among women’s solidarity groups in Kigali Ngali and Byumba that were served under the former WIT activity. The key, interdependent goals of this activity are: (1) to build the institutional capacity of selected MFIs through partnership; (2) to build the capacity of the prospective MFI client base via the provision of technical assistance among women’s solidarity groups; (3) to establish the sustainable delivery of rural financing in order to expand rural economic opportunity among women in Kigali Ngali and Byumba through coordinated, systematic support to select MFIs and a targeted client base; and, (4) to integrate an HIV/AIDS community awareness component through the women’s solidarity groups.

4. DELIVERABLES

4.1 Support to selected MFIs

Per its development criteria that directly and consistently address the purpose of this work, the Recipient shall select MFIs serving Kigali Ngali and Byumba that are pre-positioned and fully committed to serve solidarity groups. The goal of institution-building is to strengthen the capacity of MFIs to finance viable rural sector enterprise implemented by women’s solidarity groups, and also, to ensure that solidarity group communities are better educated about HIV/AIDS.

The Recipient shall capitalize the selected, partner MFI(s) in an amount of \$300,000 (only) for the sole purpose of actual loan disbursements at fully competitive interest to the target group, and accounting for the applicable best practices indicated below. The Recipient is fully responsible for monitoring and tracking the disbursement of these funds in partnership with the selected MFIs. Complete capitalization of \$300,000 should occur within 1 year of the signing of the Cooperative Agreement with the Recipient, no later. As a start-up measure, this approach is intended to: 1) address the capital, lending constraints of MFI's; 2) enable the selected MFI to extend loans to the expanded, new target group; 3) create an effective demand for MFI services and products among the new target group. This budgeted allocation is for loan disbursement only, and absolutely no other costs of any kind. All interest generated on these loans is to be used by selected partner MFIs in furtherance of the purpose of this activity only.

Through the Recipient's provision of best-practice-based technical assistance, baseline and targets must be established to demonstrate that:

- 1) loans are for income generating purposes;
- 2) loans are short-term;
- 3) loans are made to groups without capital collateral;
- 4) loan procedures are simple;
- 5) loan disbursements are made quickly;
- 6) savings are encouraged;
- 7) loan payments are frequent and regular;
- 8) interest rates cover all operating costs;
- 9) reserves be created;
- 10) technical assistance is designed and provided in order to create sustainable MFIs;
- 11) systems are in place for the control of arrears;
- 12) partner MFI's behave competitively from the outset, particularly regarding the pricing of loan products;
- 13) partner MFI's maintain uncompromising commitment to the target group, women's solidarity groups;
- 14) strong governance structures are in place within partner MFIs.

Importantly, the prospective Recipient's application shall contain what the prospective Recipient believes to be realistically attainable portfolio and financial ratio targets. Select ratios should include but not limited to: portfolio at-risk; operational and financial sustainability; and, return on assets. For the purpose of illustrating these targets, the prospective Recipient shall include a monitoring tool in the application that shall account for targets that project over a 5-year period, for the purpose of projecting envisioned sustainability beyond the 2 (or 3) year life of the project.

4.2 Support for women's solidarity groups in Kigali Ngali and Byumba through micro-finance

In partnership with the selected MFI(s), the Recipient and MFI(s) shall be responsible for establishing a system for tracking the performance of solidarity groups.

In partnership with the selected MFI(s), the Recipient and MFI(s) shall be responsible for training solidarity groups in financial management of their respective micro-finance activities as well training in sustainable accounting systems, credit management, and loan recovery in order to enhance loan repayments and improve sustainable access to credit.

As well, on a graduated level that accounts for organizational capacity, efforts should be made to scale-up the women's solidarity groups into larger units comprising village banking models, borrowing "lessons learned" from West Africa and elsewhere, for the purpose of increasing the effectiveness and efficiency of such expanded units in micro-finance, as well as enhancing overall project impact, scale and sustainability. In this context, graduated, scaled-up efforts should as well plan to enable beneficiaries to effectively secure financing from the Union de Banque Populaire as well, another USAID-Rwanda investment.

4.3 Building responsive MFIs and a responsible client base

In essence, the Recipient shall be responsible for operationally and sustainably linking MFIs and women's solidarity groups, and their graduated, scaled-up efforts, providing institutional and technical support to both the MFIs and target groups. Through the provision of institution- building and technical assistance to selected MFIs and solidarity groups, the Recipient shall achieve demonstrated increases in loans disbursed, repayment rates, and enterprise development among underserved women and underserved sectors, such as agriculture.

By the end of year 2, the Recipient shall demonstrate that established, programmatic, operational and sustainable linkages, responsibilities and accountability has been formally established between partner MFIs and the targeted client base, women's solidarity groups and their graduated, scaled-up "village banking" structures.

4.4 Establishing an HIV/AIDS community awareness program

The Recipient shall ensure that all the solidarity groups and their graduated, scaled-up efforts participate in an HIV/AIDS community awareness program. This program will provide each group with information and examples about care & support (for example home-based care), stigma reduction, and prevention activities. Independent of their micro-finance activity, each solidarity group will be requested to pledge to take some concrete action related to one or more of these domains within their community. For example, a solidarity group could link up with a local association of people living with AIDS to volunteer time for home visits. Another example is that solidarity group members could volunteer their time to share their knowledge about HIV/AIDS at the local school or with a local church group. The Recipient shall outline the mechanism by which solidarity groups will commit themselves to take action (for example with pledge cards), and how it will monitor the actions taken by each group.

Working in partnership with women's solidarity groups, the Recipient shall introduce and establish HIV/AIDS awareness trainings and develop action plans to incorporate HIV/AIDS awareness in each solidarity group's community.

4.5 Monitoring and evaluation (M&E)

The Recipient shall be responsible for introducing and establishing M&E systems with the partner MFIs and client solidarity groups and their and their graduated, scaled-up efforts in order to track and improve their reciprocal and mutually re-enforcing performance.

4.5.1 M&E among MFI's

M&E shall account for tracking the best-practices and targets via development and application of M&E tool referenced in section 4.1.

Each partner MFI shall establish a monitoring mechanism to measure both direct and indirect benefits of loan activities to people and families affected by HIV/AIDS.

4.5.2 M&E among women’s solidarity groups

M&E shall account for tracking the systems and performance factors incorporated in section 4.2.

Working with women’s solidarity groups and their graduated, scaled-up efforts, the Recipient shall document each group’s HIV/AIDS group activity the number of community members involved in their HIV/AIDS activity, and lessons learned concerning responsiveness of solidarity groups and commitment to address HIV/AIDS issues.

5. RELATIONSHIPS AND RESPONSIBILITIES

USAID/Rwanda, SO3 will have substantial involvement.

6. REPORTING REQUIREMENTS.

Quarterly, Annual and a Final Reporting shall be submitted to the USAID/Rwanda SO3 Team reflecting performance per the interventions, indicators and targets referenced above.

Reporting shall be in English and submitted both electronically and via 3 hard-copies.
