EXECUTIVE MESSAGE

SUBJECT: Fiscal Year 2005 Appropriation

The President has signed into law H.J. Res. 107, a Continuing Resolution (CR) providing funding to Federal agencies, including USAID, and the authority to continue operations through November 20, 2004, unless our regular appropriations bill is enacted into law prior to that date.

Funding during the CR period (through November 20, 2004) will be available only for high priority requirements. Requests for funds by overseas missions must be submitted to their regional bureau for consideration. Offices within Washington must send their requests to the bureau controller, AMS and/or program office, as appropriate, for consideration. Consolidated bureau requirements (for Washington and/or overseas) and requirements for independent offices in Washington must be sent to PPC/RA for final consideration and action. Requests sent to PPC/RA must identify the necessity for funding during the CR period. Operating expense funds must be requested through PPC/RA/SBI, Theresa Stoll. Program funds must be requested through PPC/RA/PBI, Patricia Sommers.

All processing for budget execution must be recorded in Phoenix prior to allowance of funds to offices or missions. Phoenix is operational in a dual year processing mode on October 1, 2003 and should be used for processing of each step of the budget execution process.
