Thank you for the opportunity to speak with you. We are from the Green Professional Services and the Central Statistics Agency for the government of Ethiopia. We are conducting a survey to learn about agriculture, food security, food consumption, nutrition and wellbeing of households in this area. Your household has been selected to participate in an interview that includes questions on topics such as the stresses you have been exposed to and your family’s food consumption. These questions in total will take approximately a half hour to complete and your participation is entirely voluntary. If you agree to participate, you can choose to stop at any time or to skip any questions you do not want to answer. Your answers will be completely confidential; we will not share information that identifies you with anyone.

Do you have any questions about the survey or what I have said? If in the future you have any questions regarding the survey and the interview, or concerns or complaints we welcome you to contact the Central Statistics Agency. We will leave one copy of this form for you so that you will have record of this contact information and about the study.

(End Survey)
After the interview thank the respondent for giving you his/her time and for the co-operation in providing the information. Inform them that you will be returning to collect more information in two months. At this point invite the respondent to ask you any questions that he/she might have. Answer where you can. If you do not know the answer(s), tell the respondent that his/her questions will be forwarded to a relevant person who can respond.
