

**Annex 3 - Food and Nutrition Assistance Overview Table.** **[Insert CSP Name, Relevant Name]** [Please fill in the table below. Information provided should be strictly related to this contribution/application.]

## Overview Table

### Instructions:

- Select one modality for each intervention. Options of modalities as labelled by BHA: Cash Transfer (CT), Food Voucher (FV), Local Procurement (LP), Regional Procurement (RP), International Procurement (IP), Complementary Services (CS - Only relevant for Title II awards), Other (e.g., in-kind such as HEBs, etc.). Please *\*do not\** aggregate CT and FV, or LP and RP and IP unless they will be distributed together at the same distribution. Note that when multiple modalities are used for one intervention, WFP will need to fill out “transfer amount,” and “% of KCal met” rows separately for each modality but the remaining rows should have one unified set of numbers filled out for the overall intervention as applicable. This is also dependent on the number of distributions and rations for different beneficiary groups. In cases where there may be different numbers of distributions or rations within one modality for different beneficiary groups, consider indicating those separately.
- For district and region, these categories need to be filled out only if there is deliberate earmarking of the contribution to a specific district or region within the country or when special geographic areas are targeted/specified and when BHA specifically requests this information. Otherwise, the default will be country-wide.
- Please note that in-kind rations need to be converted from grams to Kilograms and all modalities should be calculated per individual per distribution (not household). This information can be found in specific project documents, Country Office Management Plans (COMP) for CSP or requested to the PIO Country Office Programme unit.

<b>Food or Nutrition Assistance Intervention</b>	<b>Intervention 1</b>	<b>Intervention 2</b>	<b>Intervention 3</b>
Activity #			
Intervention description (e.g. Cash-for-Work, General Food Distribution, etc.)			
Modality			
Region (If requested - high level information on state or province equivalency)			
District (If requested - high level information on sub-state, sub-province equivalency)			
Average Cash transfer value (USD) per distribution per beneficiary, if applicable			
Average Voucher transfer value (USD) per distribution per beneficiary, if applicable			
Commodity transfer ration per distribution per beneficiary (kg), if applicable			
Percentage of kilocalorie needs met by transfer			
Total number of distributions			
Frequency of distributions (e.g. monthly)			
# of Individuals			
Total Unique Individuals
