E-governance interventions as part of our sustainable and self-reliant toolkit

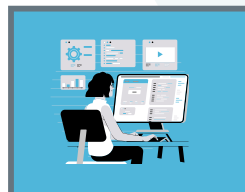

### INTERGOVERNMENTAL LEGALIZATION TRACKER

The Government of Kosovo Legalization Tracker is an electronic tool that allows legalization officials at the municipal and central levels to accurately track and monitor applications received, certificates issued, and buildings formalized through registration in the Cadaster.

### LEGALIZATION OUTREACH WITH MUNICIPALITIES

Activity partners conducted 3,050+ informational visits as part of Legalization Motivation Campaign in Pristina and Graçanicë/Gračanica to encourage citizens to apply for legalization. 30 legalization promotional videos were developed and posted.

### MACRO-FISCAL DIGITAL LIBRARY

The Ministry of Finance, Labor and Transfers established and is independently maintaining a comprehensive, dynamic Macro-fiscal Digital Library for tracking forecasting journals and staff knowledge retention.

### STABLE PUBLIC FINANCE MAINTAINED

The Government of Kosovo successfully maintained macroeconomic stability throughout the public health emergency in 2020. Stable public finances helped mobilize 52 million Euro from the IMF and 100 million Euro from the EU as direct budget support.

### GOVERNANCE REFORMS IMPLEMENTED

19 policies, legal acts, administrative procedures and operations improved in the areas of construction, inspections, permissive system, tax administration and public financial management.
