</tbody>
</table>
The project will (i) improve resource management on a landscape scale; (ii) promote alternative livelihoods, especially those that promote more value being placed on natural areas and which are nutrition sensitive; (iii) better manage water resources; and iv) improve the governance of these resources.

The project will provide technical assistance to the Government of Timor-Leste on procurement reform.

The project will support the Government of Ethiopia in the construction of 6 new Health Centers.

The project will be responsible for the baseline, midterm, and endline evaluations of all the TRANSFORM activities.

The project will support the Government of Ethiopia in the construction of 6 new Health Centers.

The project will support Ethiopia’s Multi-Sectoral Nutrition and Wash Activity will provide technical assistance to enhance the nutrition outcomes of USAID and Government of Ethiopia (GOE) activities across sectors; support capacity development to implement the National Nutrition Program; promote and support water, sanitation and hygiene interventions; and support innovative interventions that target the most vulnerable populations to improve nutritional status. This new activity will also support a rigorous learning agenda that will document lessons learned about multi-sectoral nutrition programming.

The activity will increase utilization of health services by strengthening the GBA’s health system and enhancing the management capacity/service quality at the DRC regional level.

This Annual Program Statement (APS) for the India Partnerships Program (IPP) is USAID/India’s invitation to potential Resource Partners. These are private sector businesses (particularly Indian private businesses), foundations, financial institutions, entrepreneurs, investors, philanthropists, and others that can identify and suggest ways to utilize their financial resources to collaborate with USAID/India. This invitation is equally extended to potential public sector partners (e.g., the Government of India, public companies, as well as other bilateral and multilateral donors). The APS is also USAID/India’s invitation to prospective Implementing Partners (e.g., NGOs, private sector concerns, and others) who can engage and work with Resource Partners. USAID/India encourages Indian implementing organizations (for-profit and not-for-profit non-governmental organizations) and non-traditional Indian development partners, to reach out to Resource Partners, Indian or otherwise, and explore ways in which collaboration with USAID/India might help advance shared development goals.

This Annual Program Statement (APS) for the India Partnerships Program (IPP) is USAID/India’s invitation to potential Resource Partners. These are private sector businesses (particularly Indian private businesses), foundations, financial institutions, entrepreneurs, investors, philanthropists, and others that can identify and suggest ways to utilize their financial resources to collaborate with USAID/India. This invitation is equally extended to potential public sector partners (e.g., the Government of India, public companies, as well as other bilateral and multilateral donors). The APS is also USAID/India’s invitation to prospective Implementing Partners (e.g., NGOs, private sector concerns, and others) who can engage and work with Resource Partners. USAID/India encourages Indian implementing organizations (for-profit and not-for-profit non-governmental organizations) and non-traditional Indian development partners, to reach out to Resource Partners, Indian or otherwise, and explore ways in which collaboration with USAID/India might help advance shared development goals.

</table>

**Note:** The table above provides a summary of the activities and their details, including funding, start and end dates, duration, and the sectors they impact. The descriptions highlight key aspects of each activity.
Nepal Chetana Ghimire Civil Society: Accountability Project (CS:MAP)
To strengthen the enabling environment for Nepal civil society, enhance the capacity of Nepal civil society organizations (CSOs) to collaboratively and constructively engage in policy advocacy and support, and build network-wide, cross-sectoral civil society initiatives that monitor and demand good governance, accountability in public service delivery.
Democratic, Human Rights, and Governance

Nepal Alka Parajuli Public Financial Management
This activity will contribute to state-level reduction in under-five and maternal mortality, and to increased capacity of health systems (public and private) to sustainably support access to primary health care. The implementing partner will work closely with and support state governments, while strengthening their capacity in developing robust plans for the health sector annually and provide support for its implementation.

Nigeria Josephine Kitsuko Strengthening Delivery of Malaria Case Management
US4D/Pakistan intends to procure services of a contractor to provide technical and financial assistance to develop the Country's small and Medium Enterprise sector. USAID will support the enhancement of competitiveness of Pakistan SMEs by improving the business enabling environment, improving Pakistan's ranking on Doing Business Indicators, increasing access to technology, markets and finance, and building technical marketing, implementation and management services for SMEs by strengthening Business Development Service Providers. It also aims at setting up a Pakistan Challenge Fund to provide innovative and technology-based solutions to development problems.

Senegal TBO Governance for Local Development (GOLD)
The project will build capacity of local government in improving service delivery at the local level and will improve citizen engagement in good governance.
Democratic, Human Rights, and Governance

Senegal Mame M. Ndiaye Strengthening and Evaluation Learning Activity
The Technical Assistance Provider (TAP) implementing mechanism will provide important and mutually reinforcing services. TAP will support the Ministry of Health to meet USAID-G2G contractual and reporting requirements. The TAP mechanism will provide ‘as needed’ technical assistance, drawn from public health experts affiliated with the Integrated Service Delivery mechanism, to address specific technical and programmatic issues affecting the achievement of the G2G objectives.
Global Health

Senegal Maria-Teresa Marlet Roberto Health Systems Strengthening and Local Health Governance
(HESS-LHG)
The Health Systems Strengthening and Local Health Governance (HESS-LHG) mechanism will address several key aspects of the health system, focusing on governance, finance and direct financing to Government of Senegal (G2G) regional entities. The HESS-LHG will directly support the achievement of R.I.3 (improved performance of the health system), and will play a key role in contributing to the achievement of R.I. 1 and 2. The HESS-LHG mechanism will work primarily at the central level and will apply broadly to all regions of Senegal. Where appropriate, the HESS-LHG project will seek to apply some of the key policy developments in the seven regions receiving concentrated investment from USAID. It will collaborate closely with the Integrated Service Delivery and SBCC (IDH-H) mechanism, drawing upon the technical expertise and field experience to inform the development of policies and standards. Complementing the IDH-H/H, HESS-LHG will strengthen community involvement in the management of health services and improve accountability within the system.
Global Health

Senegal Maria-Teresa Marlet Roberto Integrated Service Delivery and SBCC (IDH-H)
The flagship service delivery mechanism will ensure high-impact interventions are implemented at scale in seven regions of concentrated investment. This mechanism will directly support the achievement of R.I.1 (increased access to health services), and sub-R.I.2 on SBCC to change norms and behaviors essential to sustainable improvements in health. This mechanism will also contribute to other key outputs in R.I 2 and 3, and will collaborate with programs in other sectors, including education, agriculture, water, sanitation and hygiene, and democracy and governance. The IDH-H mechanism will also provide targeted assistance such as HIV prevention, care and treatment activities to the seven regions in which USAID support is being consolidated.
Global Health

Senegal Maria-Teresa Marlet Roberto Private Sector Support
The Private Sector Support implementing mechanism will support the social marketing of key health products and seek to improve the regulatory environment, including access to marketplaces for private sector providers. These efforts will target larger population centers, primarily in regions receiving consolidated support.
Global Health
South Africa

**TBD**

**Expansion of Power Africa Activities**

Power Africa Expansion

- The project will provide OVC and their care-givers with relevant health, education, economic and social services. It will address weaknesses in linkages and referrals between relevant clinical services (HTC, PMTCT, ART, VMMC and ABM) and OVC programs, identify pediatric patients who have defaulted from treatment and link them to health facilities and provide the necessary care and support to retain them in care.

  - Gender Equality and Women’s Empowerment: TBD
  - Contract: TBD
  - Start Date: 2/1/2016
  - End Date: 12/18/2015
  - Duration: 5 years
  - Project Cost: TBD

South Africa

**TBD**

**Southern Africa Energy Program**

- This activity will work to increase private sector investment in clean energy. It is envisioned that this mechanism will have activities centered around transactions; advisory support, policy and regulatory technical assistance, and capacity building.

  - Environment and Global Climate Change: TBD
  - Contract: TBD
  - Start Date: 1/15/2016
  - End Date: TBD
  - Duration: TBD
  - Project Cost: TBD

South Africa

**TBD**

**Kiva care and treatment services in Tanzania**

- The purpose of the project is to conduct activities involving effective and evidence-based approaches to providing comprehensive and integrated HIV/AIDS care and treatment services to adult and pediatric populations, to include provider initiated testing and counseling activities as well as Prevention of Mother-to-child Transmission of HIV (PMTCT) and elimination of pediatric HIV activities.

  - Global Health: TBD
  - Contract: TBD
  - Start Date: 2/1/2016
  - End Date: 11/30/2015
  - Duration: TBD
  - Project Cost: TBD

Tanzania

**Facility-based Services 1- Eastern/Regional Grouping**

- Facility-based service delivery mechanism for both preventive and curative services; such as malaria case management, Basic and Comprehensive Obstetric Care, antenatal care, postnatal care, family planning and outreach services.

  - Global Health: TBD
  - Contract: TBD
  - Start Date: 1/1/2016
  - End Date: 12/1/2015
  - Duration: 5 years
  - Project Cost: TBD

Tanzania

**Comprehensive Platform for Integrated Communication Interventions (CIPCI)**

- This activity will provide health social behavior change communication (SBCC) activities in Tanzania.

  - Global Health: TBD
  - Contract: TBD
  - Start Date: 12/1/2016
  - End Date: 12/1/2020
  - Duration: 5 years
  - Project Cost: TBD

Tanzania

**Feed the Future Tanzania Horticulture Activity - MMGGA NA MUTUNDA**

- The goal of the activity is to "sustainably reduce global poverty and hunger? (USDA)". Tanzania’s horticulture program under FTY will: (a) increase agricultural productivity; (b) maintain the natural resource base and promote adaptation to climate change; (c) sort out the private sector; (d) increase trade; (d) support policy reforms and good governance; (f) ensure underserved groups benefit from growth; and (g) expand knowledge and training by supporting research and development.

  - Economic Growth and Trade: TBD
  - Contract: TBD
  - Start Date: 11/1/2015
  - End Date: 11/1/2020
  - Duration: 5 years
  - Project Cost: TBD

Tanzania

**Facility-based Services 2- North/Central/Regional Grouping**

- Facility-based service delivery mechanism for both preventive and curative services; such as care and treatment, pediatric HIV, PMTCT, counseling and testing, malaria case management, Cervical Cancer, Basic and Comprehensive Obstetric Care, focused antenatal care, TB, and TB/HIV.

  - Global Health: TBD
  - Contract: TBD
  - Start Date: 11/1/2015
  - End Date: 11/1/2020
  - Duration: 5 years
  - Project Cost: TBD

Thailand

**Agnes Tusjak**

**Investment for Sustainable Landscapes in the Asia Region**

- Regional Trade of Forest and Agricultural Commodities (new sustainable landscape activity)

  - Global Climate Change: TBD
  - Contract: TBD
  - Start Date: 3/31/2016
  - End Date: TBD
  - Duration: TBD
  - Project Cost: TBD

Thailand

**Sustainable Mekong Energy Initiative**

- USARDROMA is considering development of a Regional Innovation Mechanism to support the delivery of prizes and challenges, open innovation activities, and other activities to strengthen innovation ecosystems and support innovations in Asia, across a broad range of development objectives. The mechanism will provide a means of investment and collaborative innovation for a wide spectrum of participants from higher education, civil society, and the private sector around geothermal development challenges in the region.

  - U.S. Global Development Lab: TBD
  - Contract: TBD
  - Start Date: TBD
  - End Date: TBD
  - Duration: TBD
  - Project Cost: TBD

- Contract
- Indefinite Delivery Indefinite Quantity Contract (IDIQ)
- Order (TO/DO)
- Combination of Forecasted and Not Previously Forecasted
The project will seek to mobilize communities and increase their engagement in monitoring the delivery of health services. Proposed activities will include enhancing citizens’ action based on basic facts on utilization and quality of services collected from the communities themselves. It will include improving upon or developing community-based monitoring tools such as report cards, social contracts, and action plans. This component will seek to strengthen existing local governance social structures such as the neighborhood health committees, health advisory committees, and/or safe-motherhood action groups. Health service providers under the Ministry of Community Development, Mother, and Child Health will also be involved to improve and strengthen their engagement with community members.
