

University of Indonesia
Faculty of Mathematics and Natural Sciences
Depok 16424, Jakarta, Indonesia

December 15, 2013

Dear USAID Research and Innovation Fellowships Selection Committee,

As the Dean of the Faculty of Mathematic and Natural Science, I would like to provide this institutional letter of approval for Professor Farida Pranoto, Department of Environmental Studies at the University of Indonesia.

I fully support Prof. Pranoto's interest and commitment to hosting a USAID Research and Innovation Fellow for 6-12 months. Prof. Pranoto has the ability to safely and successfully host a Research and Innovation Fellow. I confirm the Fellow will have adequate office and laboratory space. I can also vouch for the university's ability to offer the Fellow local transportation, language classes, as well as access and space on our university servers to complete the proposed project.

We would be excited to host a USAID Research and Innovation Fellow at our university. We believe hosting such a Fellow will greatly benefit not just Prof. Pranoto's group and the Fellow, but our research community through diversity and exchange of ideas. We have enjoyed and had similar success, hosting other international fellows from Japan, China, Canada, and other countries in the past.

Sincerely,
Djati Tambunan
Dean of the Faculty of Mathematics and Natural Sciences

Host Institution Certification

As the authorized organizational representative on behalf of the University of Indonesia (the "Host Institution"), I certify that:

1. Statements made herein are true and complete to the best of my knowledge;
and
2. I have the authority to make this certification and to bind the Host Institution to the agreements set forth in these Terms and Conditions without the need for any further action on the part of the Host Institution or its governing body.

Host Institution Agreements

The Host Institution agrees that:

1. It will abide by all applicable laws and regulations of the country and political subdivisions where the research will take place including, without limitation, ensuring that all academic and research activities carried out as part of this placement comply with the laws and regulations of the country in which the academic and/or research activities are conducted. These include appropriate human subject, animal welfare, copyright and intellectual property protection, and other regulations or laws, as appropriate. All academic and research activities will be coordinated with the appropriate government authorities, and necessary licenses, permits, or approvals will be obtained prior to undertaking the proposed activities.
2. No Fellow shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination on the basis of race, color, national origin, age, disability, or sex, and the Host Institution shall provide a workplace free of discrimination and harassment on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, disability, age, veteran's status, sexual orientation, genetic information, marital status, parental status, political affiliation, and any other conduct that does not adversely affect the performance of the Fellow. The Host Institution agrees to protect the Fellow from discrimination in the workplace to the full extent allowable under applicable law.
3. The Host Institution will not ask a Fellow to perform a task for which he/she is not qualified as determined in the sole discretion of the Fellow.
4. The Host Institution, or its representatives, will provide information, recommendations and advice to the Fellow prior to placement regarding living and moving to the country and working within the Host Institution.
5. The Host Institution will cover the costs and/or provide the resources to which it commits as stated in its letter to the Fellow.
6. It is the Fellow's responsibility to obtain any insurance required during his or her placement with the Host Institution.
7. The Host Institution will reach a mutually satisfactory agreement with the Fellow regarding intellectual property rights prior to the commencement of the placement, including, without limitation, patent, copyright and publication rights resulting from any academic or research activities conducted by the Fellow.
