SUBJECT: Solicitation for U.S. Personal Service Contractor (USPSC) Resident-Hire: Infectious Disease Advisor, USAID/West Africa

Dear Prospective Offerors:

The United States Government, represented by the U.S. Agency for International Development (USAID), is seeking offers from qualified persons to provide personal services under contract as described in this solicitation.

Offers must be in accordance with Attachment 1, Sections I through V of this solicitation. Incomplete or unsigned offers will not be considered. Offerors should retain copies of all offer materials for their records.

This solicitation in no way obligates USAID to award a PSC contract, nor does it commit USAID to pay any cost incurred in the preparation and submission of any offer.

All offers must be submitted to the Point of Contact via email: accrapsc@usaid.gov

Any questions must be directed in writing to Yusif Ibrahim at vibes@usaid.gov with a copy to Karla Camp at kcamp@usaid.gov.

Sincerely,

Karla Camp
Contracting Officer
USAID/West Africa

11. STATEMENT OF DUTIES

Under the supervision of the Director, Regional Health Office (RHO), USAID/WA or her designate, the major roles and responsibilities for this position shall include but not be limited to:

a) Coordination, Management, and Technical Input for ETD and GHSA activities in West Africa regional countries (40% LOE)

The ID Advisor will:

• Support USAID Washington GHSA technical advisors and GHSA Advisors at Missions in West and Central Africa to ensure that guidance is clear and that GHSA and ETD activities
are carried out in accordance with USAID directives and in collaboration with other GHSA programs in the region.

- Ensure compliance in reporting from implementing partners, and within USAID, to USAID/WA and USAID/Washington, as appropriate.
- Represent GHSA activities as appropriate to USAID/WA and within the USG. Respond to communication requests and other taskers related to GHSA.
- Support USAID GHSA Advisors at Missions in measuring country capacity against the WHO Joint External Evaluation (JEE). Monitor progress according to the JEEs, which could include compilation and analysis of indicators, and collaborating on data analytics and GIS to support data analysis, reporting, and advocacy work of GHSA and ETD work.
- Support WAHO and its Regional Strategic Roadmap for implementing the One Health approach in the ECOWAS Region to address Existing and Emerging Zoonotic Disease Threats by partnering with regional and local institutions and supporting collaborative coordination.
- Document and track Lessons Learned to help guide implementation of the ETD and GHSA programs.
- Provide backstop support to country GHSA Advisors as needed.

b) **Technical Advice on Infectious Disease Surveillance and Response, GHSA policy implementation, Emerging Pandemic Threats, Zoonotic Diseases and One Health (25% LOE)**

The ID Advisor will:

- Serve as the Technical Advisor for Infectious Disease Surveillance and Response, GHSA policy implementation, Emerging Pandemic Threats, Zoonotic Diseases, and One Health on behalf of USAID/West Africa.
- During disease outbreaks, work in coordination and support of USAID/Washington, USAID Country missions, U.S. Government agencies and other donors to ensure an effective response. As needed, the incumbent might be asked to travel and support individual Missions as they coordinate the USAID response to outbreaks in the region.
- Work closely with Washington, West Africa Regional and other country AORs/CORs to assist in coordinating, and monitoring and evaluating regional and country-specific ETD and GHSA activities.
- Work closely with regional and country teams to engage with regional organizations and various ministries from host governments to ensure effective USAID support to the implementation of GHSA regionally.
- Represent USAID to high level USG diplomats and VIPs, senior government officials, and other external partners, as appropriate.
- Keep abreast of new developments and emerging issues that affect USAID’s priorities related to GHSA and Emerging Pandemic threats. Share relevant information and recommendations
with USAID and other USG colleagues including current information on outbreaks globally and in the region.
• Represent USAID/ETD at GHSA/Infectious Disease events in the region as needed.

c) **Coordination and Integration (25%)**

The ID Advisor will:
• Facilitate the liaison of ETD and GHSA implementing partners with host governments, and other USG offices and their partners to enable coordinated implementation.
• Ensure integration of GHSA regional activities with the broader USAID and USG portfolio seeking cost efficiencies and economies of scale.
• Work closely with the USAID/WA regional team to identify areas of convergence (e.g., common partners, similar streams of work and key opportunities for linkages) across the USAID development portfolio (e.g., economic growth, environment, education, governance and health).
• Work with the regional ETD and GHSA teams and partners to ensure linkages and coordination with the broader USG development portfolio are understood and integrated.
• During disease outbreak situations, ensure that USAID assets are carefully coordinated with interagency leadership in supporting national governments.
• Provide backstop support to countries during outbreaks.
• Seek opportunities to bring new partners into GHSA programming, including private sector or other donors.
• Liaise with USAID/WA supported Missions on regional GHSA efforts as needed to optimize implementation and coordination of activities.
• The incumbent will be working closely with Senior Technical Advisors in Washington and the Region to create a West Africa Country Support Team.

d) **USAID West Africa RHO Support (10%)**

The ID Advisor will:
• As a member of USAID/WA, support the regional office in its strategic planning, communications, monitoring and evaluation, official representation responsibilities (including service as a Control Officer for VIPs when/if needed), and participating in team meetings and events.
• Serve as Agreement/Contracting Officer’s Representative (A/COR) or Program/Project/Activity Manager after being certified to do so.
• Where the need or an opportunity arises, seek coordination of work between USAID/WA sectors to leverage resources for a more cost-effective approach.
• Support the RHO to ensure coverage at meetings and in the regional office as needed.
• Take relevant USAID training in project and financial management and other required training, and stay current in these areas.
12. PHYSICAL DEMANDS
The work requested does not involve undue physical demands.

II. MINIMUM QUALIFICATIONS REQUIRED FOR THIS POSITION

This position requires a highly qualified and experienced individual with exceptional interpersonal and communications skills, and with demonstrated expertise in Infectious Disease Surveillance and Response, GHSA policy implementation, Emerging Pandemic Threats, Zoonotic Diseases, and One Health. The Regional Infectious Disease (ID) Advisor is responsible for coordinating and supporting a complex multi-sectoral, multi-country portfolio; providing technical support to the full range of investments related to the USAID GHSA and ETD portfolio in West Africa; and coordinating USG assistance in this area to align with Mission and local government priorities. S/he carries out a full range of coordination, consultative, advisory and reporting, country backstop support, and global project design activities for the USAID/ETD and GHSA portfolio in West Africa.

Education:
Minimum of a Master’s degree or higher in public health, public policy, epidemiology, infectious disease, or other allied fields related to public health and/or animal health is required. Additional studies/certificates or training may be an advantage.

Work Experience:
• Minimum seven (7) years’ of progressively responsible experience working in public health (program management, program coordinator, project implementation) with US Government funded programs, with at least two (2) years’ of experience in an international setting (preferably in Africa), supporting health, infectious diseases or development programs is required.
• Demonstrated experience with internationally-focused organization(s) working on animal and/or human public health (e.g., World Health Organisation (WHO), the Food and Agriculture Organization (FAO), the World Organisation for Animal Health (OIE) and/or USG or other donor programs may be an advantage. Familiarity with these organizations is required.
• Experience coordinating complex programs with multiple partners across sectors is required and must be demonstrated. Experience working on One Health/Avian Flu/Zoonotic Disease/Infectious Disease or similar cross-sectoral programs related to biosecurity is an advantage.
• Minimum of two (2) years of experience related to management of programs in developing countries that involve significant partnership and collaboration across ministries or sectors such as the Ministry of Health, Ministry of Livestock or Wildlife, Ministry of Environment and Ministry of Agriculture.
• Experience with monitoring and evaluation methodologies including frameworks, data quality assurance, analysis, reporting, and best practices in data dissemination in international/resource limited settings.
Skills, Technical Knowledge, and Abilities:

- Knowledge of USG initiatives related to development assistance, USAID programming policies, regulations, procedures, and documentation requirements for strategy and project design, implementation, management, and evaluation is a strong asset.
- Technical knowledge about monitoring and evaluation methodologies including frameworks, data quality assurance, analysis, reporting, and best practices in data dissemination in international/resource poor settings.
- Ability to articulate logical arguments and develop clarity of thought during technical and political discussions in a multi-lingual/multi-cultural environment with political and cultural sensitivity.
- Ability to demonstrate good judgment and presentation skills in front of high-level representatives. This includes being able to represent topics on which the incumbent is not an expert. Experience/examples of this should be demonstrated.

Teamwork and Interpersonal Skills:

- Demonstrated flexibility and openness in responding to changing work priorities and environment is a must.
- Demonstrated strong teamwork, cultural competency, diplomacy, and interpersonal skills are essential.
- Demonstrated strong written and oral communications skills in English and French, and an ability to communicate complex technical information to a variety of audiences and stakeholders including senior-level managers, country-level health officials, UN, senior level USG delegations, inter-agency partners, and host government counterparts is required.
- Demonstrated experience working successfully and effectively in a multi-cultural team environment (teamwork and multi-cultural awareness) on complex issues or programs.
- Demonstrated examples of leadership and supervisory skills in complex situations (leadership and supervision) and ability to explain his/her personal theories of leadership and supervision and give a personal example of its application.
- Demonstrated high degree of judgment, maturity, ingenuity, and originality to interpret strategy, to analyze, develop, and present work results and to monitor and evaluate implementation of programs.

Communication and Language:

- Fluency in English (level IV) required and French (level III) preferred; in both oral and written communication in professional, technical, and policy communication with host country government representatives and partners across sectors.
- Demonstrated ability to communicate clearly and concisely on personal or highly technical areas.
• Ability to articulate clearly and concisely to high level decision-makers on topics outside of his/her area of expertise.
• Excellent computer skills are required to implement, analyze, and monitor, and manage activity goals, inputs, outcomes, and achievements, both program objectives and impact.
