

**USAID** | **INDONESIA**  
FROM THE AMERICAN PEOPLE

U.S. Agency for International Development (USAID) based in Jakarta is recruiting Indonesian Nationals for the following position:

**USAID Project Management Specialist (Energy), FSN-11 (Full Performance)**  
**Post Code: K11020**

Salary starts from Rp 21,800,431 per month depending on qualifications, experience and salary history.

**BASIC FUNCTION OF POSITION:**

The position is located in the Environment Office and serves as the Project Management Specialist for Energy sector. The incumbent will report to the Senior Program Management Specialist for Energy. The incumbent will be assigned as a member of Environmental Services Team (EST) which manages the clean energy and water and sanitation portfolios under the USAID/Indonesia Environment Office. S/he manages activities in the energy and climate change mitigation and resilience to support Indonesia's objectives of strengthening climate change mitigation and resilience to support Indonesia's green economy.

Along with Senior Program Management Specialist, the incumbent manages the Clean Energy (CE) portfolio with an estimated value of over \$20million over the 2014-2018 CDCS period. The CE portfolio covers a broad range of subsectors such as renewable energy generation, energy conservation/efficiency, clean transport, energy governance and subsidies, national and sub-national energy planning, clean energy financing, emission reduction in energy sector, low carbon energy systems, and other climate change mitigation policy planning and implementation. S/he responsible for a variety of complex research, reporting, contact, monitoring, and analytical duties and coordinating work with other Mission Development Objectives (DO) Team Leaders, other Mission technical officers, and host-country and project partners.

The incumbent will also undertake regular communications with the GOI on program management involving the Ministers, Directorate Generals and senior level officials at relevant GOI ministries (such as BAPPENAS, Ministries of Energy & Mineral Resources, Environment, Home Affairs, Finance, and others), National Electricity Company/PLN, provincial governments,

numerous districts/local governments, local communities, local and international NGOs, Indonesian universities, professional associations and the private sectors.

**QUALIFICATIONS REQUIRED:**

- 1) A Master degree from accredited University in engineering, natural resources management, or in related environmental or development field.
- 2) A minimum of seven (7) years of progressively responsible professional experience in development assistance in energy and/or climate change policy. Previous work experience in project or program development or implementation with a large development organization or donor agency is preferred.
- 3) Level IV (Fluent) speaking/reading/writing in English and Indonesian is required.

Only short listed candidates will be notified for test and interview.

**Send letter of application, complete resume in English and supporting documents (in Microsoft Word document format) & please put the post code: K11020 on the subject of your email to: [jktrecruitment@usaid.gov](mailto:jktrecruitment@usaid.gov)**

**CLOSING DATE: December 24, 2014**
