# USAID/ARTC Procurement Courses—FY 2016

## Scope of Work

### I. Introduction

The U. S. Agency for International Development (USAID) in Bangkok, Thailand plans to offer a **Construction Contracting training** (CON 244) on/about July 11-16, 2016. The class will consist of approximately 25 participants from USAID missions located in countries in the Asia region and possibly beyond, including Locally-employed staff (LES) and Third Country National (TCN) and American staff. The training venue will be provided by USAID.

### II. Background

USAID is the lead U.S. Government agency that works to end extreme global poverty and enable resilient, democratic societies to realize their potential. In the past few years, USAID has recruited and deployed additional staff, increasing its workforce dramatically and quickly. The Regional Development Mission for Asia (RDMA) in Bangkok serves as a knowledge management platform that works closely with Washington headquarters to provide thought leadership for USAID programs throughout the Asia region and manages the Asia Regional Training Center (ARTC). ARTC is a dedicated training facility to deliver skills-building and specialized technical training to USAID staff.

USAID has a very diverse, global workforce with many employees having less than five years of USAID experience, and nearly half as many eligible for retirement. USAID is dedicated to strengthening its workforce by mentoring and empowering staff, and placing emphasis on the transfer of experience and knowledge.

It is our intent to increase employee performance and strengthen Agency capacity to manage development assistance programs through offering courses to enhance the work of our Acquisition and Assistance Specialists and Contracting Officer and Agreement Officer Representatives (COR/AOR).

### III. Services Required

#### A. Approach

Training must incorporate teaching methodologies that take into account different learning styles and diverse team dynamics. This training must consider all of Federal Acquisition Certification FAC-C (Refresh) level requirements.

The training shall incorporate the following principles:

- Participatory, interactive and experiential for all participants
- Incorporates current and best practices in self-development
- Takes into account/allows for adapting to USAID's organizational culture
- Facilitates personalization/unique experiences for participants, and
- Sets the stage for ongoing self-development, providing forward-looking opportunity for skills, behaviors and supportive systems to continue to improve well after the training is completed.

**Course content will include:**

Instruction and information sufficient to allow Contracting personnel involved in the construction process to complete their elective requirement for FAC-C Level III certification.

The course Learning Objectives will enable participants to 1) Explain the environment and rules for contracting for construction; 2) Perform the critical pre-award and post-award construction contracting functions; and 3) Administer clauses unique to construction contracting

- Construction Acquisition Planning
- Construction Solicitation Phase
- Construction Evaluation and Award
- Construction Contract Administration, Compliance
- Administration of Construction
- Contract Modifications
- Invoices, Payments, and Contract Closeout

**B. Deliverables**

1) The contractor will deliver the course for up to 25 participants. Any purchase and delivery of books and other printed training material to Thailand are the responsibility of the contractor, and must be included in the cost proposal. USAID/ARTC will provide the training venue, and access to laptops and projector(s) for presentations.

2) A training evaluation survey completed by course participants (after the course), with summarized metrics, and will be provided to the ARTC Training Coordinator within three weeks. This information will be used as feedback for similar future events that we may wish to undertake.

**IV. Proposal Instructions****A) Technical Proposal**

The offeror shall include in the technical portion of the quotation:

- A brief summary of the topic and learning objective (maximum 1 page)
- A draft agenda for the course (maximum 2 pages)
- Demonstrated past experience delivering (within the past three years) similar training to an overseas US Government audience (culturally and generationally diverse) with three references (names and email addresses) (maximum 2 pages)
- Resume of proposed instructor that describes expertise conducting similar training (maximum 2 pages); the scope of this course requires one instructor only.

**B) Price Proposal (for each course)**

Total fixed price quotation - be sure to consider all costs associated with the delivery of this training course including, but not limited to, preparation of course materials, preparation of course survey, delivery of course, airfare, lodging accommodations, meals and incidentals, local transportation, and transport of training materials by express courier. Do not include the cost of the training venue, and cost for access to laptops and projector(s) for presentations in your quotation.

The USAID Contracting Officer will select the successful contractor using a Best Value approach, both technical and price factors included. The Contracting Officer, at the Government's discretion, may enter into negotiations with one or more offeror to discuss improvements in the proposal and cost deduction. Upon successful negotiation with the vendor, a purchase order will be issued, and a lump sum payment made upon acceptance of all deliverables and within 30 days of receipt of invoice.
