HONDURAS – A4P STRATEGIC AREA 1: FOSTERING THE PRODUCTIVE SECTOR

This chart shows how USG programming in Honduras aligns with the A4P as of July 2017.

**GOH Program / Goal**

Invigoration of Priority Productive Sectors to Create Economic Opportunities: Including 10,460 producers/105,000 MIPYME businessmen

**USG (USAID & Other) Activities That Directly Align**

- Increase access to high-quality comprehensive workforce development services for at-risk youth
- Promote transformational changes in the dynamics of the markets to generate generalized and inclusive economic development processes
- Expand markets and reduce trade barriers for agricultural products
- Support the Lenca economic enterprises to promote the enormous cultural wealth of the Lenca People where women are fundamental actors in their creation, transformation, and dissemination
- Promote income diversity through initiatives for promotion and conservation in sectors such as ecotourism, duly certified coffee farms, beekeeping, and other successful sectors.
- Increase local and national capacity for planning and management of water resources
- Provide poor households with access to renewable energy technologies to increase productivity and nutrition
- Strengthen sustainable management policies and practices, including fire prevention and fire response, disaster planning and mitigation, and governance of natural resources

**Other USG Activities That Support SA1**

- Train high school students from participating schools in San Pedro Sula to design a viable business plan. Students are matched with university mentors who work with them for a year to launch and operate their own businesses
- Prioritize, design and oversee small infrastructure activities that support sectoral priorities and municipal strategic plans; these may include improvements in education and health facilities, water and sanitation infrastructure, road maintenance, public parks and markets, among others that have direct links to better service delivery within selected sectors.
- Move 15,000 families out of poverty in the Zone of Influence (ZOI), including 9,000 families out extreme poverty; reduce undernutrition of children less than 5 years of age in the ZOI by 20 percent

**Sustainable Family Agricultural for a Better Life: Improving the food security and quality of life of 100,000 families**
## GOH Program / Goal

**Development Program for Early Childhood:** Universalize pre-basic education and early childhood development; expansion of coverage to children younger than 4 years old

**Youth Project - Education from 7-9 Grade:** Formal and alternative methods of delivery to reduce migration and teenage pregnancy, and to reintegrate migrant youth returnees

**Improvement and Quality of Services and Health Networks:** Decentralize health services, assist women during childbirth, assist children aged 0-5 years with AIN-C

**Model for Integrated Attention to Vulnerable Women, Youth, Girls and Boys,** emphasizing the migrant population

**Creating integrated service centers specialized for women**

## USG (USAID & Other) Activities That Directly Align

- Reducing malnutrition/undernutrition for children under 5
- Increasing rural family incomes to decrease poverty and reducing undernutrition of children less than 5 years of age in the Western Highlands
- Providing nutrition and education assistance to pre- and primary-school-aged children
- Providing education / employment opportunities for youth at risk for crime, violence, and migration
- Gang resistance education and training program
- Improving citizen influence and governance in education, nutrition, water management sectors
- Establishing substance abuse referral and treatment center in some of the most violent neighborhoods
- Working with communities to address root causes of youth violence and help at-risk children and youth
- IOM building the GOH’s capacity to reintegrate returnees and prevent remigration
- Supporting a more effective judicial system that protects human rights and reduces impunity
- Addressing GBV and providing investigative, legal, and psychosocial services to victims of GBV and other crimes

## Other USG Activities That Support SA2

- Providing poor households access to renewable energy to increase productivity, nutrition
- Improving rural livelihoods through conservation and ecotourism
- Building a national standards-based education reform program
- Improving efficiency of educational system by training teachers to improve skills and supporting local government, parents, and NGO leadership in schools
- Violence prevention for youth aged 8-17 in some of the most violent geographical areas; establishing working partnerships with Ministries and other entities to increase services; and creating new cadre of family counselors.
- School-based violence prevention for first to ninth grade, while identifying and scaling up school-based violence prevention methodology in primary, middle, and high schools; also vocational training and alternative education centers in urban communities.

---

**HONDURAS – A4P STRATEGIC AREA 2: DEVELOPING HUMAN CAPITAL**

This chart shows how USG programming in Honduras aligns with the A4P as of July 2017.
### GOH Program / Goal

**Police Professionalization:** Redesigning the programs of police training and professionalization to bring security to 5,328,174 Hondurans in the prioritized municipalities

**Strengthening the Criminal Investigation System in Honduras:** Restructuring the service of criminal investigation to bring security to 5,328,174 Hondurans in the prioritized municipalities

**Observatories for Coexistence and Citizen Security/Observatory for Citizen Coexistence:** Local observatories of citizen security to bring security to 5,328,174 Hondurans in the prioritized municipalities

**Improve the Efficiency of the Justice Sector:** Reduction of judicial delay by 20%

### USG (USAID & Other) Activities That Directly Align

- Promoting professionalization of the police and community engagement with police
- Reforming/professionalizing Honduran National Police, elements of Public Ministry
- Advising on reforming the structure and practice of policing; serving on police reform committees
- Facilitating systems to improve criminal prevention, investigation, and response
- Supporting the prevention & investigation of kidnappings, negotiations, and rescues
- Developing national and regional center for excellence in criminal investigations
- Deterring, diminishing, and dismantling criminal organizations
- Advising Public Ministry prosecutors and investigators to improve capacity
- Supporting more effective/accountable judicial institutions to reduce violence
- Supporting MACCIH
- Promote culture of peace in communities highly vulnerable to violence
- Providing small grants to local organizations to reduce homicide/other forms of violence
- Partnering with UN Development Program to support elections and citizen security
- Providing opportunities for children, youth, parents, and teachers in safe context
- Establishing substance abuse referral and treatment centers
- Increasing access to justice/related support services
- Supporting more effective and accountable judicial institutions

### Other USG Activities That Support SA3

- Building trust between law enforcement and the communities through law-enforcement instructed classroom curricula
- Sustainably and incrementally reaching a significant segment of children and at-risk youth with violence prevention services to prevent them from entering gangs, drugs, or other criminal activities
- Supporting children in first to ninth grade through the creation of safe learning environments, targeted group and individual prevention support; strengthening local stakeholder capacity to respond to school-based violence
- Providing secondary violence prevention services for youth between the ages of 8-17 and their families in Tegucigalpa, San Pedro Sula, La Ceiba, Choloma, and Tela
- Contributing to national efforts to promote a culture of respect for human rights in Honduras through strengthening the capacities of the GOH in the implementation of the "Mechanism for the Protection of Human Rights Defenders, Journalists, Communicators, and Justice Operators"
### HONDURAS – A4P STRATEGIC AREA 4: STRENGTHENING INSTITUTIONS

This chart shows how USG programming in Honduras aligns with the A4P as of July 2017.
