

USAID Transformational Leadership Program – Immersion & Public Service Courses

is a five-year activity, operating in all regions of Kosovo. The goal is to enhance existing human capital and talent through implementation of its two strategic objectives. Participants attending the 1) Immersion Courses, mostly those who may not have had access to quality undergraduate programs, have the opportunity to meet their full potential and participate in educational opportunities. The 2) Public Service Course aims to assist the people and government of Kosovo in increasing the public policy development and leadership capacity primarily in central as well as municipal levels. The TLP Immersion & Public Service Courses are expected to deliver *Immersion Courses* to 1,150 participants; and *Public Service Course* to 1,000 Kosovo public servants.
