# *Bloom—making simple books*

- What it is: The winner of the All Children Reading Enabling Writer's Prize!
- Where to find it: [bloomlibrary.org](http://bloomlibrary.org)
- What it does: Bloom makes it simple to make simple books
- How it helps: Bloom helps to significantly increase the supply of reading materials in any language
- It has tools to facilitate creating decodable and leveled readers
- It's free!

## *What next?*

- We can help you put on a writer's workshop and train people in using Bloom
- We can convert existing books to the Bloom format
- We can set up Bloom to create decodable and leveled books for a specific language
- We can provide user support
- And more!
