

STRATEGIC PLANNING/CDCS

Identify environmental risks in mission strategy to address in activity design.

Consult with your MEO or BEO.

PROJECT/ACTIVITY DESIGN

Develop Reg 216 documents. Conduct Climate Risk Management Screening.

Get Mission Director and BEO approval for Reg 216 documents and submit to ECD.

SOLICITATION

Include environmental compliance requirements in solicitation.

*Consult MEO or BEO for environmental compliance elements.
Evaluate environmental compliance capabilities in proposals.*

AWARD

Include environmental compliance requirements in the contract.

Include MEO or BEO in post-award briefing for environmental compliance elements.

IMPLEMENTATION

Monitor for and mitigate impacts; report results.
Apply adaptive management techniques.

Consult MEO or BEO on high-risk activities.

CLOSEOUT

Ensure project files include complete compliance records.

Submit Reg 216 documents to ECD.

Environmental Compliance in Your Project

Apply environmental compliance lessons learned to future activities
