

**Metrics for Accountability: Tracking Progress and Identifying Data Gaps Development Investments  
Board for International Food and Agricultural Development Public Meeting  
October 12, 2016  
8:00 am–12:00 pm  
Des Moines Marriott, Salon D, 700 Grand Ave, Des Moines, IA 50309**

The session will feature the announcement of the BIFAD Scientific Award for Excellence in a Feed the Future Innovation Lab and a session entitled “Metrics for Accountability: Tracking Progress and Identifying Gaps in Development Investments”. The purpose of the session is to examine results frameworks, assumptions, evidence, and M&E systems as a basis for tracking progress and learning, and adjusting investments towards achieving the 2030 development goals. The session will include a presentation of the Feed the Future results framework, progress and learnings as well as the perspectives from representatives of other global investors. There will be a public comment period from 11:30 am to 11:55 am.
