<td>Anti-Corruption [AMANAT]</td>
<td>Anti-Corruption [AMANAT] will identify opportunities to support the government's anti-corruption planning and implementation of strategic initiatives that combat corruption in the Government of National Unity. Civil society partners will coordinate on pre-reform agenda activities focused on combating corruption and thus strengthening good governance and the democratic institutions responsible for it. The new project will consist of two Components. Component 1 will provide strategic guidance on anti-corruption planning and establish a rapid response fund that will make quick impact grants possible to government entities to implement pre-reform activities. Component 2 will provide grants to civil society organizations to demand side of anti-corruption reforms and accountability.</td>

**Mission Business Forecast** as of July 15, 2016
Bangladesh Florence Das

**Strengthening Political Landscape (PS): Consensus Building with Political Parties**

USAID/Bangladesh intends to implement a 5-year activity to invest in today’s leaders, networks and institutions which will be critical in making democracy in Bangladesh more responsive to the needs of the country, more transparent and more inclusive in the future. The Strengthening Political Landscape (PS) program will support activities that aim to enable political parties to be more inclusive in their internal processes; assist provide political party activists and politically active citizens with the skills to engage constructively in political conflict. The PS program will be focused towards a future generation of leaders who, when opportunity arises, will be able to respond to requirements of a functional democracy, shaping the political culture that is based on inclusive, responsible and transparent political practices. The direct beneficiaries of the activity are to be the political parties and political activists of Bangladesh.

Bangladesh Tariq Bib Azam

**Climate Resilience Innovation and Entrepreneurship in Bangladesh activity (SC-BAAN)**

This Broad Agency Announcement (BAA) seeks opportunities to co-create, co-design, co-invent, and collaborate in the development of a green growth challenge fund mechanism focused in the area of climate resilience innovation and enterprise in Bangladesh. The focus of this BAA is to collect Expressions of Interest (EoIs), select a small group of collaborators who will come to Dhaka; develop a concept note, and pending further review/approval co-create a grant making mechanism that aims to fund innovative approaches and emerging solutions that improve the well being of marginalized and vulnerable groups, including women and girls, and their resilience to the risks posed by climate change and extreme weather events (e.g., drought and floods).

Bangladesh Florence Das

**Together for Rights and Empowerment (TRE)**

Possible risk: 1. Contradict other regional commitments to respond to violence against women and children (VAW/C). 2. Government responsiveness to support WASH actions reduced 3. Increased support services for WASH projects 4. Strengthen advocacy for legislative framework to prevent VAW.

Bangladesh Ilika Huhn

**Promoting Oversight and Democratic Space (PODS)**

USAID will support the new Promoting Oversight and Democratic Space (PODS) in Bangladesh. In the absence of meaningful political opposition and a strong parliamentary oversight, USAID will encourage political institutions to enhance democratic space. USAID will also engage citizens? understanding and ability to express the principles and practice of democracy and good government by supporting advocacy and civic education programs and creating a network of active citizens with the ability to assess, analyze and promote good governance, accountability and human rights. USAID will increase advocacy for protection of democratic space and citizens’ rights by supporting research and advocacy campaigns, tools and platforms and will enhance non-partisan civil society partnership with government and political actors for protection of democratic space.

Bangladesh Tariq Bib Azam

**NGO Health Service Delivery Activity (HNWGF) Next Iterations**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Barbados Claudia Molina

**Local Solution/Local Capacity Development Activity (LSCA)**

Seeking opportunities to co-create, co-design, co-invent, and collaborate in the development, piloting, testing, and scaling of innovative, practical and cost-effective interventions that support USAID efforts to implement projects to: (1) reduce youth involvement in crime and violence; (2) reduce risks and adapt to the impacts of global climate change; and (3) achieve epidemic control of HIV/AIDS throughout the region, which are outlined in the USAID/ESC Regional Development Cooperation Strategy 2015-2019 (RDCS).

Barbados Claudia Molina

**Monitoring & Evaluations/PMF**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Benin Lucette Boko

**Private sector service delivery evaluations**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Bangladesh Tariq Bib Azam

**Feed the Future Nutrition Activity**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Barbados Claudia Molina

**Local Solution/Local Capacity Development Activity (LSCA)**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Bozor/Senegalese R. Saloua Panorose

**SME Activity**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Brazil Cecilia Yanes

**Monitoring and Evaluation**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Cambodia Oleg Polozov

**New FTI Activity: Feed the Future Cambodia Horticulture Program**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Cambodia Honey Sokry

**Cambodia Education Project**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.

Cambodia Oleg Polozov

**Prey Lang Landscape**

The goal of the activity is to improve household dietary diversity and reduce childhood stunting. It will be carried out within a facility of Today’s Future and Food for Peace agricultural activities, building on and scaling up previously successful pilot projects.
This activity will collect and analyze Population-Based Level data at FTF zone to inform progress of FTF program's outcomes.

<td>Egypt</td>
<td>Nevin Hindy</td>
<td>STEM Teacher Preparation Program</td>
<td>In September 2011, the Egyptian Ministry of Education (MOE) introduced Advanced Science, Technology, Engineering, and Mathematics (STEM) education, as part of its formal secondary education system, targeting gifted students who have the desire and aptitude to pursue specialized and advanced levels of science and mathematics in order to progress to higher education. To-date, the MOE established nine STEM schools and is planning to establish eighteen more schools by school year 2018/2019. The planned expansion of STEM education in Egypt has already created demand for highly qualified and skilled STEM teachers who have a solid command of English language and demonstrated understanding of STEM concepts. To satisfy the needs of STEM education, USAID/Egypt is planning to fund the implementation of a STEM Teacher Preparation program, which aims at: 1. Providing pre-service teacher candidates with deep content knowledge and the ability to continually refine their STEM pedagogical skills; and 2. Supporting teachers already within the Ministry of Education’s system as they transition from teaching through traditional lecture to inquiry-based and inquiry-led pedagogy. The program will support the expansion and sustainability of STEM education by preparing candidate teachers to deliver STEM curricula, adopt evolving teaching methodologies, and engage in research and innovation, in addition to strengthening STEM service professional development programs. Pre-service and in-service teacher education institutions will institutionalize the development and dissemination of new STEM knowledge. USAID/Egypt recognizes that STEM teacher education requires systemic reforms that will involve higher education institutions, the Ministries of Education and Higher Education, and STEM schools. Further, excellence in STEM learning involves linking professors, teachers, and students to the global knowledge economy in order to remain relevant in the ever-evolving area of science, technology, engineering and mathematics.</td>

<td>India Partnerships Program APS 2.0</td>
<td>This Annual Program Statement (APS) 2.0 for the India Partnerships Program (IPP) is USAID/India’s invitation to potential Resource Partners. These are private sector businesses (particularly Indian private businesses), foundations, financial institutions, entrepreneurs, investors, philanthropists, and others that can identify and suggest ways to utilize their financial resources to collaborate with USAID/India. This invitation is equally extended to potential public sector partners (e.g., the Government of India, public companies, as well as other bilateral and multilateral donors). The APS is also USAID/India’s invitation to prospective Implementing Partners (e.g., NGOs, private sector concerns, and others) who can engage and work with Resource Partners. USAID/India encourages Indian implementing organizations (for profit and not for profit non-governmental organizations) and non-traditional Indian development partners, to reach out to Resource Partners, Indian or otherwise, and explore ways in which collaboration with USAID/India might help advance shared development goals.</td>

Barbara O. Coblentz

- Civil Engagement Program
- The USAID/Mexico Civil Society Activity (CSA) will assist the Mexican civil society organizations (CSOs) to engage with government authorities. This goal will be achieved by 1) strengthening mechanisms of bottlenecks to social accountability, 2) strengthening CSO partnerships with the government and private sector to develop public policy and advance issues of interest to CSOs; 3) strengthening citizens' understanding of their rights and responsibilities, and 4) advocating for and with government actors. A primary measure of the success of these activities will be the extent to which they contribute to measurably more responsive and accountable service delivery at the sub-national level.
- Democrat, Human Rights, and Governance

**Mexico**

Bárbara Chocolla

- Civil Society Activity (CSA) - Umbrella
- The goals of Mexico’s Civil Society Activity (CSA) will be to assist Mexico in addressing partner organizations’ performance gaps that impede the effective implementation of civil society (CSO) activities, to increase the sustainability of their local initiatives and to promote the development of strategic alliances, and to assist CSOs in carrying out activities related to USAID/Mexico’s development objectives. This will be issued as a Task Order under the Humanitarian and Institutional Capacity Development Program (HICDP/Mexico).

- Comunidades y Energías Renovables (CER)
- The purpose of this activity is to support the advanced placement of the sub-national autonomy organizations in Mexico to work with stakeholders, specifically focusing on local communities, but also working with government, private sector, and academia, to engage any potential stakeholders and empower local communities so they can enhance their local benefits from renewable energy projects.

<td>USADF Regional Health Integration to Enhance Services in Eastern Uganda (RHITES-E)</td>
<td>The purpose of this activity for Regional Health Integration to Enhance Services in Eastern Uganda (RHITES-E) is to ensure services to support the design and implementation of a comprehensive, integrated investment in regional health, HIV/AIDS, and nutrition assistance. The activity will focus on maximizing the impact of the Government of Uganda (GoU), the United States Agency for International Development (USAID), and other investments in health services and systems using a district-based integrated approach of quality health, HIV/AIDS, and nutrition services and child development services to contribute to significant, measurable, and sustainable improvements in key population-based national health indicators. RHITES-E will build on the success of RHITES-N, which was one of the upcoming USAID Uganda activities for comprehensive regional health and HIV/AIDS programs. By responding to disease-specific burdens in respective regions and concentrating increased resources on specific interventions in focus districts, RHITES-E will build on the success of RHITES-N, which was one of the upcoming USAID Uganda activities for comprehensive regional health and HIV/AIDS programs.</td>

<td>The purpose of the Regional Health Integration to Enhance Services - North, Lango (RHITES-N, Lango) contract is to increase the access and utilization of quality health services in the Lango Region of Northern Uganda. Working through a life cycle lens, over five years this contract is expected to contribute to measurable improvements in key population-based national health indicators. RHITES-N, Lango is one of the upcoming USAID Uganda activities for comprehensive regional health and HIV/AIDS programs. By responding to disease-specific burdens in respective regions and concentrating increased resources on specific interventions in focus districts, RHITES-N, Lango is expected to provide a significant, measurable, and lasting impact on key indicators such as HIV and malaria prevalence, maternal, neonatal and child mortality; meet need for modern contraception; and child development outcomes, as the activity builds health systems to sustain their local capacity to improve the availability of quality health care.</td>

**About the Page:**
The page contains a table listing various contracts, projects, and initiatives funded by USAID. Each row details the title of the project, the lead agency, solicitation and close dates, award amount, and duration. The table also includes notes on new opportunities and changes in project details, highlighting the dynamic nature of USAID's funding portfolio.
