<td>Jamie Raile</td>
<td>Africa Education Research and Programming Project under the PFL M&amp;E IDIQ</td>
<td>The purpose of this award is to provide technical assistance and advisory services, training, and direct program implementation to support good governance, transparency, and accountability in host countries. The award is designed to foster greater accountability of institutions and leaders to citizens and to the law by strengthening linkages among government actors and enhancing state institutions accountability to citizens. The activities implemented under this award will contribute directly to the achievement of the overarching goal of USAID’s Strategy on Democracy, Human Rights and Governance, which is to support the establishment and consolidation of inclusive and accountable democracies to advance freedom and development. This award will enable Missions which issue task orders under it to select from a range of programming options. In addition, the award will enable USAID and the U.S. Government (USG) to respond quickly to windows of opportunity for governance in countries undergoing transition.</td>

<td>The purpose of this award is to support USAID Missions and other operating units to develop strategies and projects that will have the greatest impact. Ultimately, USAID strategies and programs that are based on sound analysis are more likely to be effective. Missions will be able to quickly and efficiently commission analyses, access expert assistance, and obtain other services in support of strategic planning, policy analysis and development, and project design. The IDIQ will allow the DRG Center to continue to conduct and support DRG sector and sub-sector assessments, political economy analyses, inclusive development analysis on gender, disabilities, LGBT, youth, indigenous, etc. – and other strategic planning priorities.</td>
