  - I. Responses by Region
  - II. Responses by Instrument Type

# Survey of USAID's Implementing Partners

- USAID conducted an OMB-approved survey of its worldwide implementing partners between April 30 and May 7 on the challenges of operating during the COVID-19
- Survey participation was anonymous and
  - 731 partners responded, many of whom reported managing multiple types of
    - *58% manage at least one Cooperative*
    - *Agreement 37% manage at least one*
    - *Contract*
    - *36% manage at least one Grant*
  - 41% self-identified as a new partner within the last 5
  - years 25% self-identified as a U.S. Small Business
  - 31% self-identified as Local/Indigenous
- Survey results are driving USAID's development of tools and guidance for ensuring implementing partners continue delivering programming during the

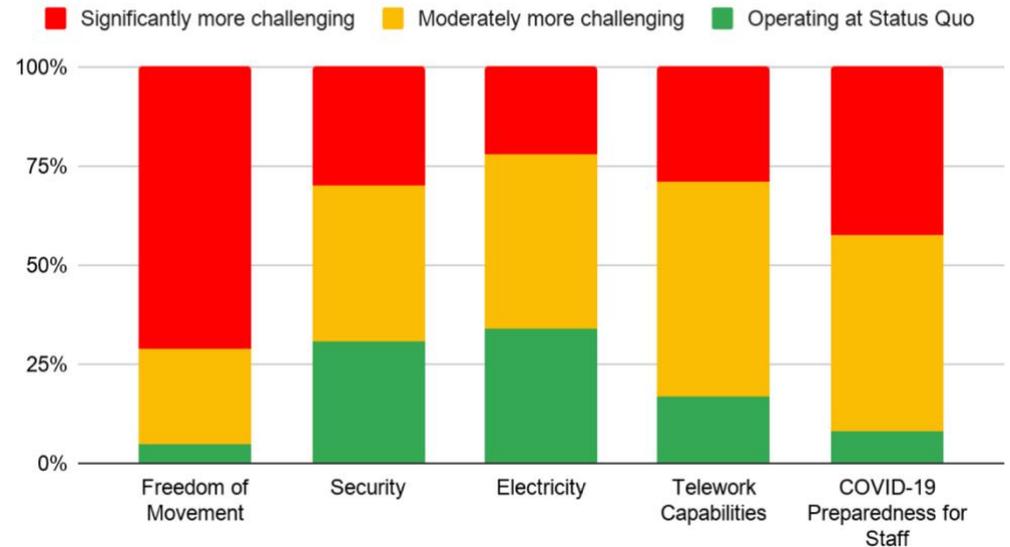

# Key Conclusions

- USAID's worldwide partners are continuing to implement and monitor programs despite the challenges resulting from COVID-19.
- Despite global differences in the pandemic's spread, USAID's partners face similar operational constraints across regions and
- USAID's partners asked for support in four
  1. Increased flexibility for awards, performance, and monitoring;
  2. Clear, consistent, and timely guidance;
  3. Streamlined processes; and
  4. Learning resources, including monitoring and

# Partners Operations Continue, Despite Challenges

- 93% of partners report that interacting with beneficiaries, the private sector, and host country governments as planned is moderately or significantly more challenging.
- 92% of partners report that monitoring activities as planned is moderately or significantly more challenging.

Changes to the Global Operating Environment

What USAID heard	What USAID implemented	What USAID is working on
<p><b>Increase flexibility</b></p>	<p>Authorized flexibilities from OMB guidance for Assistance Awards            Issued Memo encouraging flexibility on Acquisition Awards            Launched COVID19_IndirectCosts@usaid.gov email box            Extended due date for reporting of foreign taxes assessed during FY 2019</p>	<p>Authorizing flexibilities for indirect costs and ceiling rates</p>
<p><b>Provide Guidance</b></p>	<p>Launched USAID COVID-19 partner webpage            Update partner FAQ document weekly            Conducted partner outreach calls            Established Resource Center for partners</p>	<p>Establishing routine partner calls and weekly updates            Allowing preparedness/readiness costs</p>
<p><b>Streamline</b></p>	<p>Collated internal guidance for Agreement and Contract Officers (AO) / (CO) and representatives (AOR) / (COR) Expedited Procedures Package            Extended warrant authorities for Missions to maintain continuity of operations</p>	<p>Authorizing flexibilities for the Project Appraisal Document (PAD) design</p>
<p><b>Learn</b></p>	<p>Administered a Mission survey and hosted Mission calls            Administered a Partner Survey and host partner calls            Launched a Learning Platform for Missions and Partners</p>	<p>Published a Remote Monitoring Resource Guide and Platform</p>

# USAID Launches a Partner Resource Center

- USAID engaged with 2,200 implementing partners during a series of conference calls.
- Following the survey and conference calls, USAID and the partner community agreed to continue a dialogue to answer questions, provide guidance, and ensure coordination.

---

**On May 15, 2020 USAID established a COVID-19 Partner Resource Center to streamline and simplify access to USAID.**

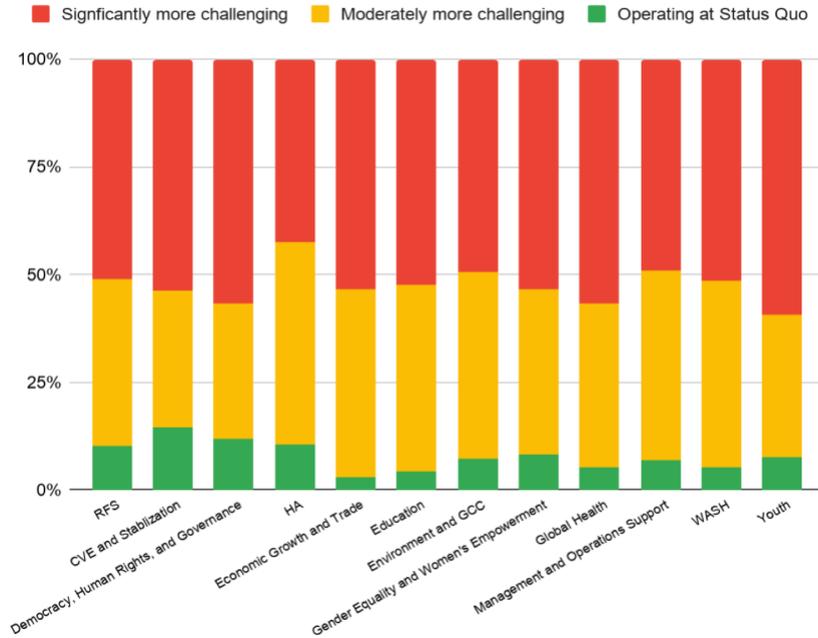

**The Center can be reached at [COVID19\\_PartnerResourceCenter@usaid.gov](mailto:COVID19_PartnerResourceCenter@usaid.gov).**

- The Partner Resource Center facilitates non-award specific inquiries, such as monitoring and evaluation, security, programming, general award inquiries, etc.
- Award-specific inquiries are being managed by Contracting and Agreement Officer (C/AO) and/or Contracting and Agreement Officer Representative (C/AOR).
