9. STATEMENT OF DUTIES

   1. General Statement of Purpose of the Contract

   The incumbent works as a member of the Monitoring, Evaluation and Learning
   (MEL) Team, and will be instrumental in advising, managing, strengthening, and
   leading the development and operation of USAID/Afghanistan database and
   knowledge management systems and platforms. This includes overall management of
   all knowledge management and database systems, as well as taking leadership roles
   with activities to include Performance Monitoring Mission Order compliance,
   management of performance management tools and systems (Afghan Info,
   Monitoring Capture Tools), and developing and providing innovative data reports and
   visualizations based on customer needs.

   The incumbent is expected to advance all Mission data and information capture
   system efforts. Knowledge management leadership requires engaging key internal and
   external stakeholders such as Mission leadership, USAID/Afghanistan staff,
   implementing partners, the USAID Afghan Info software development team based in
   Washington, DC, and Agency coordination teams (including the Management
   Bureau’s Office of the Chief Information Officer) for system consolidation. The
   incumbent supervises and oversees assessments of data processes and systems to
streamline mission workflows, and identify and further advance strategies which integrate USAID/Afghanistan knowledge management processes with the Mission’s Collaboration, Learning, and Adapting (CLA) approach. The incumbent’s engagement will inform recommendations and actions for the overall MEL team, of which the incumbent will guide with his/her expert knowledge. The incumbent also mentors and plans activities that build the capacity of other MEL team members to lead the Mission in data collection, knowledge management, and utilization. The incumbent guides the design and implementation of the Mission’s data management strategies for both technical projects and other enterprise data initiatives. The incumbent will be based in Kabul, Afghanistan, and reports to and is supervised by the Deputy MEL Team Lead.

2. **Statement of Duties to be Performed**

1) Support of the Office of Program and Project Development (OPPD) Data Unit;

The incumbent is responsible for managing and providing guidance on the Mission’s overall knowledge management strategy and posture (to include how Afghanistan collects and utilizes information for programmatic decision-making). The incumbent is responsible for producing any office required briefing materials for Congressional delegations, senior USAID staff, Government of the Islamic Republic of Afghanistan officials, and others. These materials may need to include tables, text, graphs, diagrams, and/or maps. This requires advance data visualization expertise with common office tools such as Microsoft Excel and PowerPoint, cartographic software, and other industry standard software. The incumbent is also required to create reports on system usage, including identifying where information has not been updated and ensuring accountability of data being entered into Mission data management tools. The incumbent also provides input into the Mission’s overarching data collection strategy, by providing technical insight and recommendations. The incumbent will be required to quickly understand complex technical subjects and quickly develop data management strategies to support effective oversight and management. As part of this effort, the incumbent serves as the technical leader in ensuring Mission compliance with the Agency’s open data policy.

2) Oversight and management of the current (and future) data management platforms, systems, and tools;

The incumbent participates on all data management initiatives, processes, and strategies; guide and direct the data team in providing data quality assurance for the Mission’s multiple data systems and sources (Afghan Info, Monitoring Capture Tools, GPS data sets, etc), and provide oversight and guidance in the construction of USAID/Afghanistan’s new, web-based, monitoring capture module.

The incumbent manages a broad range of responsibilities with regard to USAID/Afghanistan’s data and knowledge management posture. The incumbent is responsible for building and managing USAID’s performance management database, which houses all performance data on over 120 active USAID/Afghanistan activities (and also stores historical data on closed activities. As the system administrator, the incumbent holds significant responsibility in managing the Mission’s overall performance management data.
3) Management of all core knowledge and data management processes and procedures as they relate to monitoring, evaluation, and learning for USAID/Afghanistan programs;

The incumbent, as the primary focal person on data management for USAID/Afghanistan, provides guidance and counsel in developing (and implementing) the Mission’s CLA and Learning strategy, particularly as it relates to data and knowledge management. The incumbent attends CLA working group meetings, and assist OPPD in implementing a robust learning agenda which incorporates and considers the utilization of Monitoring and Evaluation (M&E) findings, and utilization of existing and potential data/knowledge management tools.

4) Advance the data and knowledge management efforts of USAID/Afghanistan, including all existing and future initiatives;

The incumbent, as a member of the MEL Team, is responsible for managing, strengthening, and leading the development and operation of USAID/Afghanistan database and knowledge management systems. This includes overall management of the Afghan Info system, but additionally includes the management of new knowledge management initiatives / activities to include Performance Monitoring Mission Order compliance, Monitoring Capture Tool (MCT) management, among possible others, and training for these platforms.

The incumbent engages in data processes and systems to streamline mission workflows, and identify and further advance strategies which integrate USAID/Afghanistan knowledge management processes with the Mission’s Collaboration, Learning, and Adapting (CLA) approach. The incumbents’ engagement will inform recommendations and actions of the overall MEL team, of which the incumbent will guide with their expert knowledge. The incumbent also mentors and plan activities that build the capacity of other team members to lead the Mission in data collection and knowledge management. The incumbent guides the design and implementation of the Mission’s data management strategies for both technical projects and other enterprise data. Advise and provide thought leadership to MEL and OPPD management on emerging Agency, United States Government (USG), and private sector trends related to data and knowledge management best practices.

The contractor is eligible for temporary duty (TDY) travel to the U.S., or to other Missions abroad, to participate in the "Foreign Service National" Fellowship Program, in accordance with USAID policy.
