I. MANDATORY STANDARD PROVISIONS FOR COST-TYPE AGREEMENTS WITH PUBLIC INTERNATIONAL ORGANIZATIONS (PIOs)

The following standard provisions must be used in all agreements. In addition, certain standard provisions have alternates, each applicable only to a specific agreement type or to a specific PIO or category of PIOs.

“Applicability statements” are contained in the parenthetical statement preceding certain standard provisions. In instances where a mandatory provision includes alternates, the Agreement Officer must include the applicable provision unless a deviation is approved in accordance with ADS 308.3.12.

M.1 Allowable Costs (April 2011)

a. The recipient must use funds provided under this agreement for costs incurred in carrying out the purposes of the agreement that are reasonable, allocable, and allowable.

   (1) “Reasonable” means the costs do not exceed those that would ordinarily be incurred by a prudent person in the conduct of normal business.

   (2) “Allocable” means the costs are necessary to the agreement.

   (3) “Allowable” means the costs are reasonable and allocable, and conform to any limitations set forth in the agreement.

b. The recipient is encouraged to obtain the USAID Agreement Officer’s written determination in advance whenever the recipient is uncertain as to whether a cost will be allowable.

M.2 Amendment (April 2011)

The parties may amend the agreement, in writing, by mutual agreement, either by formal amendment to the agreement, or by an exchange of letters between the USAID Agreement Officer and the recipient.

M.3 Nonliability (April 2011)

USAID does not assume liability for any third party claims for damages arising out of the agreement.

M.4 Notices (April 2011)

Any notice given by USAID or the recipient must be in writing and delivered in person, mailed, or transmitted electronically by email or fax. Notices to USAID must be sent to the USAID Agreement Officer at the address specified in the agreement and to any
designee specified in the agreement. Notices to the recipient will be sent to the recipient’s address specified in the agreement and to any designee specified in the agreement.

Notices are effective when delivered in accordance with this provision, or on the effective date of the notice, whichever is later.

Payment Provisions – All cost-type PIO agreements must include one of the following four provisions (Standard Provision M.5, M.5-Alt I, M.5-Alt II, or M.5-Alt III)

M.5 Payment (Periodic Advance – Standard) (AUGUST 2018)
(For use with Category 2 and Category 3 PIOs. Please refer to ADS 308.3.10.1(e), Payment methods, for guidance on the applicability of the Periodic Advance provision.)

Payment (Periodic Advance – Standard) (August 2018)

a. Periodic advances must be limited to the minimum amounts needed to meet the recipient’s current cash disbursement needs and must be scheduled so that the funds are available to the recipient as close as is administratively possible to the actual cash disbursements by the recipient for program costs. Periodic advance requests may be established to meet the recipient’s cash requirements for periods up to thirty (30) days.

b. The recipient may submit requests for advances in one of the following ways: (1) every 30 days covering a thirty-day period; (2) three requests may be submitted covering thirty-day sub-periods of a ninety-day period to be paid automatically every thirty (30) days; or (3) one request for ninety (90) days may be submitted to be automatically disbursed in thirty-day increments. Each request for an advance must be made using a SF-270 Request for Advance or Reimbursement (https://www.usaid.gov/sites/default/files/documents/1868/SF-270 %28Request for Advance or Reimbursement%29.pdf) and is subject to Chief Financial Officer (M/CFO) or Mission Controller approval (as appropriate) before actual disbursement. Requests must state the estimated cash disbursements to be made during the period covered by the request (i.e., amount of federal funds paid out), the estimated balance of cash on hand from prior advance requests, and the advance amount being requested. Cash advances made by the recipient to subrecipients or the recipient’s field organizations must conform substantially to the same standards of timing and amount that apply to cash advances by USAID to the recipient (i.e., up to thirty (30) days to satisfy cash disbursement needs).

c. The recipient must submit an SF-425, Federal Financial Report (https://www.usaid.gov/sites/default/files/documents/1868/SF-425 %28Federal Financial Report%29 %28Replaces SF-269%29.pdf), no later than thirty (30) days after the end of the period covered by the advance to the paying office specified in the agreement in order to liquidate outstanding advances. The report must show cash disbursements, advances received, and any cash remaining on hand for the period covered by the
report. In cases of multiple operating units funding a single agreement, the recipient is required to submit a breakdown of their financial reporting by funding operating unit. The report must include the authorized certifying official’s signature for the accuracy and completeness of the required financial information on SF-425. Failure to provide these reports may result in the suspension, disruption, or termination of additional payments.

d. If, at any time, the M/CFO or Mission Controller determines that the recipient has demonstrated an unwillingness or inability to:

(1) Establish procedures that will minimize the time elapsing between cash advances and the disbursement of funds;

(2) Report cash disbursements and balances in a timely manner as required by the terms of the agreement; or

(3) Impose the same standards of timing of advances and reporting on any subrecipient or any of the recipient’s overseas field organizations,

then the M/CFO or Mission Controller will advise the USAID Agreement Officer, who may suspend or revoke the advance payment procedure.

e. Except as otherwise agreed to, within 90 days following the expiration of the agreement, the recipient must submit an interim final financial report using SF-425 (https://www.usaid.gov/sites/default/files/documents/1868/SF-425%20Federal%20Financial%20Report%20Replaces%20SF-269.pdf) showing total cash disbursements, total advances received, and any cash remaining on hand, which the recipient must refund to USAID. The recipient must then submit a final financial report using the same SF-425 form within six months of the end of the fiscal year in which the agreement expired. Each report must include the authorized certifying official’s signature for the accuracy and completeness of the required financial information on SF-425. Funds can be withdrawn after the end date of the agreement, but only if the funds will be used to pay for goods and services received up to the agreement end date.

M.5-Alt I. Payment (Periodic Advance - Alternate I) (August 2018)

(For use with Category 1 PIOs. Please refer to ADS 308.3.9.1(e), Payment methods, for guidance on the applicability of the Periodic Advance provision)

Payment (Periodic Advance - Alternate I) (August 2018)

a. Periodic advances must be limited to the minimum amounts needed to meet the recipient’s current cash disbursement needs and must be scheduled so that the funds are available to the recipient as close as is administratively possible to the actual cash disbursements by the recipient for program costs and in accordance with the recipient’s cash transfer procedures. Periodic advance requests may be established to meet the recipient’s cash requirements for periods not to exceed ninety (90) days.
b. Each request for an advance must be made using an SF-270 Request for Advance or Reimbursement (https://www.usaid.gov/sites/default/files/documents/1868/SF-270%28Request for Advance or Reimbursement%29.pdf) and is subject to Chief Financial Officer (M/CFO) or Mission Controller approval (as appropriate before actual disbursement). Requests must state the estimated cash disbursements to be made during the period covered by the request (i.e., the amount of federal funds paid out), the estimated balance of cash on hand from prior advance requests, and the advance amount being requested. Cash advances made by the recipient to subrecipients or the recipient’s field organizations must conform substantially to the same standards of timing and amount that apply to cash advances by USAID to the recipient (i.e., not to exceed ninety (90) days to satisfy cash disbursement needs).

c. The recipient must submit an SF-425, Federal Financial Report (https://www.usaid.gov/sites/default/files/documents/1868/SF-425%28Federal Financial Report%29%28Replaces SF-269%29.pdf), no later than 30 days after the end of the period covered by the advance, to the paying office specified in the agreement in order to liquidate advances outstanding. The report must show cash disbursements, advances received, and any cash remaining on hand for the period covered by the report. In cases of multiple operating units funding a single agreement, the recipient is required to submit a breakdown of their financial reporting by funding operating unit. The report must include the authorized certifying official’s signature for the accuracy and completeness of the required financial information on SF-425. Failure to provide these reports may result in the suspension, disruption, or termination of additional payments.

d. If, at any time, the M/CFO or Mission Controller determines that the recipient has demonstrated an unwillingness or inability to:

(1) Establish procedures that will minimize the time elapsing between cash advances and the disbursement of funds;

(2) Report cash disbursements and balances in a timely manner as required by the terms of the agreement; or

(3) Impose the same standards of timing of advances and reporting on any subrecipient or any of the recipient’s overseas field organizations,

then the M/CFO or Mission Controller will advise the USAID Agreement Officer, who may suspend or revoke the advance payment procedure.

e. Except as otherwise agreed to, within 90 days following the expiration of the agreement, the recipient must submit an interim final financial report using SF-425 (https://www.usaid.gov/sites/default/files/documents/1868/SF-425%28Federal Financial Report%29%28Replaces SF-269%29.pdf) showing total cash disbursements, total advances received, and any cash remaining on hand, which the recipient must refund to USAID. The recipient must then submit a final financial report using the same SF-425
form within six months of the end of the recipient’s fiscal year in which the agreement expired. Each report must include the authorized certifying official’s signature for the accuracy and completeness of the required financial information on SF-425. Funds can be withdrawn after the end date of the agreement, but only if the funds will be used to pay for goods and services received up to the agreement end date.

M.5-Alt II.  Payment (Letter of Credit - Alternate II) (August 2018)

(This provision is applicable when use of a Letter of Credit is requested by the recipient and approved by USAID’s Bureau for Management, Office of the Chief Financial Officer. General criteria for using the LOCs are:

a. The amount of funding equals or exceeds $120,000 per year,
b. There is a continuing relationship with the organization for at least one year, and
c. The organization’s financial management system meets Federal standards for fund control and accountability.)

Payment (Letter of Credit - Alternate II) (August 2018)

a. Payment under the agreement is made through a Letter of Credit (LOC), in accordance with the terms and conditions of the LOC and any instructions issued by the USAID Bureau for Management, Office of the Chief Financial Officer, Cash Management and Payment Division (M/CFO/CMP).

b. As long as the LOC is in effect, the terms and conditions of the LOC and any instructions issued by M/CFO/CMP constitute the payment conditions of the agreement over any other payment clause of the agreement.

c. The recipient must have written procedures that minimize the time elapsing between the transfer of funds and disbursement by the recipient. The recipient must exercise prudent management of Federal funds by drawing only those funds that are required for current use. The amount and timing of the drawdown should be limited to the minimum amount of needed for immediate disbursing needs. Immediate disbursing needs are seven days or less and must be as close as is administratively possible to the actual disbursements by the recipient for direct program or activity costs and the proportionate share of any allowable indirect costs.

d. The recipient must submit an SF-425, Federal Financial Report (https://www.usaid.gov/sites/default/files/documents/1868/SF-425%28FederalFinancialReport%29%28ReplacesSF-269%29.pdf), no later than thirty (30) days after the end of the period, to the paying office specified in the agreement in order to liquidate advances outstanding. The report must show cash disbursements, advances received, and any cash remaining on hand for the period covered by the report. In cases of multiple operating units funding a single agreement, the recipient is required to submit a breakdown of their financial reporting by funding operating unit. The report must include the authorized certifying official’s signature for the accuracy and
completeness of the required financial information on SF-425. Failure to provide these reports may result in the suspension, disruption, or termination of additional payments.

e. Except as otherwise agreed to, within ninety (90) days following the expiration of the agreement, the recipient must submit an interim final financial report using **SF-425** ([https://www.usaid.gov/sites/default/files/documents/1868/SF-425%28Federal Financial Report%29%28Replaces SF-269%29.pdf](https://www.usaid.gov/sites/default/files/documents/1868/SF-425%28Federal Financial Report%29%28Replaces SF-269%29.pdf)) showing total disbursements, total advances received, and any cash remaining on hand, which the recipient must refund to USAID. The recipient must then submit a final financial report using the same **SF-425** form within six months of the end of the recipient’s fiscal year in which the agreement expired. Each report must include the authorized certifying official’s signature for the accuracy and completeness of the required financial information on SF-425. Funds can be withdrawn after the end date of the agreement, but only if the funds will be used to pay for goods and services received up to the agreement end date.

f. Revocation of the LOC, in accordance with its terms and conditions, is at the discretion of M/CFO/CMP, after consultation with the Agreement Officer. Notification of revocation must be in writing and must specify the reasons for such action. If the LOC is revoked, payments may be made on a cost-reimbursement basis. For reimbursement, the recipient must submit to the USAID Controller an original and three copies of **SF-1034, Public Voucher for Purchases and Services Other Than Personal** (available at [http://www.gsa.gov/portal/forms/download/115462](http://www.gsa.gov/portal/forms/download/115462)), and **SF-1035, Continuation of SF-1034** (available at [http://www.gsa.gov/portal/forms/download/115466](http://www.gsa.gov/portal/forms/download/115466)), normally once a month, but in any event no less than quarterly. Where the recipient submits to the paying office an electronic submission, additional copies of **SF-1034** and **SF-1035** are not required. Each voucher must be identified by the agreement number and must state the total costs for which reimbursement is being requested.

**M.5-Alt III Payment (Cost-Reimbursement) (August 2018)**

**Payment (Cost-Reimbursement- Alternate III) (August 2018)**

The recipient must submit to the paying office indicated in the agreement an original and three copies of **SF-1034** (available at [http://www.gsa.gov/portal/forms/download/115462](http://www.gsa.gov/portal/forms/download/115462)) and **SF-1035** (available at [http://www.gsa.gov/portal/forms/download/115466](http://www.gsa.gov/portal/forms/download/115466)), normally once a month, but in any event no less than quarterly. Where the recipient submits to the paying office an electronic submission, additional copies of **SF-1034** and **SF-1035** are not required. Each voucher must be identified by the agreement number and must state the total costs for which reimbursement is being requested.
Audit and Records Provisions – All cost-type PIO agreements must include one of the following three provisions (Standard Provision M.6 or M.6-Alt I):

**M.6 Audit and Records (Standard) (April 2011)**

(This provision is required for all agreements, except agreements with a United Nations organization. Please consult with the Office of the General Counsel or the Resident Legal Officer with any questions.)

**Audit and Records (Standard) (April 2011)**

The recipient is required to maintain books, records, documents, and other evidence, in accordance with the recipient’s usual accounting principles and procedures to sufficiently substantiate charges to the agreement.

The recipient confirms that its program will be subject to an independent audit in accordance with the recipient’s usual auditing procedures, and agrees to furnish copies of these audit reports to USAID along with other related information, as may be reasonably requested by USAID with respect to questions or findings arising from the audit report. Such information may include financial reports and supporting documentation related to sub-recipients that have received funding from USAID through the recipient.

An audit is considered independent if the auditors are determined by the USAID’s Chief Financial Officer (CFO) to be independent in accordance with the standards established in International Auditing Standard (IAS/IFAC) Section 290, “Independence—Audit and Review Engagements,” ([http://www.iasplus.com/en/binary/ifac/0707ethicsed.pdf](http://www.iasplus.com/en/binary/ifac/0707ethicsed.pdf)) International Ethics Standards Board for Accountants (IESBA). For recipients for which the CFO determined in its pre-award audit that the recipient’s internal auditors meet the tests of independence in accordance with IAS standards and for recipients that are Category 1 PIOs, internal auditors may be used to satisfy the audit requirement. For recipients for which the CFO determined in its pre-award audit that the recipient’s internal auditors do not meet the tests of independence, the recipient will be required to engage an independent audit firm to satisfy the audit requirement. All auditors must be considered competent under International Education Standard (IES) 8, “Competence Requirements for Audit Professionals,” ([http://www.iasplus.com/ifac/0504educationies8.pdf](http://www.iasplus.com/ifac/0504educationies8.pdf)) International Federation of Accountants.

**M.6-Alt I Audit and Records (Alternate I - UN) (August 2018)**

(Paragraphs a. and b. of this provision are required for all agreements with United Nations [UN] organizations. Paragraph c. is required for all agreements with United Nations except UNOCHA, UNOHCHR, UNFAO, UNDP, UNFPA, UNICEF, UNISDR, UNWHO, and UNWFP [see ADS 308maa, List of Public International Organizations]...
for acronyms], which have alternate part c. language included below. Once the agreement has been generated, please review this Audit and Records provision to ensure the appropriate paragraph c. has been used and all other, extraneous paragraph c’s have been removed. Please consult with the Office of the General Counsel or the Resident Legal Officer with any questions.)

Audit and Records (Alternate I - UN) (August 2018)

a. The recipient agrees to furnish the U.S. Government (USG) with a final report on activities carried out under the agreement, including accounting for agreement funds in sufficient detail to enable USAID to liquidate the agreement. The report must be submitted to the address specified in the agreement. The report must include the authorized certifying official’s signature for the accuracy and completeness of the required financial information on SF-425.

b. It is understood that financial records, including documentation to support entries on accounting records and to substantiate charges against the agreement, will be maintained in accordance with the recipient’s usual accounting procedures, which must follow generally accepted accounting principles. The recipient must maintain such financial records for at least three years after the recipient’s final disbursement of funds under the agreement.

For agreements with United Nations organizations other than UNOCHA, UNOHCHR, UNFAO, UNDP, UNFPA, UNICEF, UNISDR, UNWHO, and UNWFP, the requirements in paragraph c. below apply:

c. The recipient confirms that the agreement will be audited applying established procedures under applicable financial regulations and rules of the recipient. The recipient agrees to make available these audit reports to the USG, in accordance with [specify policies on release of audit reports], and other related information as agreed upon by the parties. The recipient agrees to full collaboration with USAID on queries or requests for further information, including by making available external and internal audit and evaluation reports in line with the policies listed above, and answering queries and meeting for discussions on matters such as the recipient’s procedures, specific aspects of project operations, or any issues identified in audit reports or in project reporting. In exceptional circumstances, USAID may request the recipient to perform a special audit for a project or an aspect of a project, provided that the costs of the audit are covered by the donor or the project itself. [GC or RLA should review any cited organization policies prior to their inclusion in this provision.]

For agreements with UNOCHA, UNISDR, and UNOHCHR, the requirements in paragraph c. below apply:

c. The recipient confirms that the agreement will be audited applying established procedures under appropriate provisions of the financial regulations and rules of the
United Nations. The recipient agrees to make available these audit reports to the USG, in accordance with appropriate provisions of the financial regulations and rules of the United Nations. The recipient agrees to full collaboration with USAID on queries or requests for further information, including by making available external and internal audit and evaluation reports in line with the policies listed above, and answering queries and meeting for discussions on matters such as the recipient’s procedures, specific aspects of project operations, or any issues identified in audit reports or in project reporting. In the event that USAID becomes aware of factors that would indicate a need for closer scrutiny of USAID-funded activities, USAID will bring these to the attention of the recipient. The recipient's Office responsible for conducting audits will then determine, after consultations with USAID, if needed, the need for a special independent audit to be carried out by that Office and the scope and plan for any such audit. The costs of such an audit will be borne by the donor.

For agreements with UNFAO, the requirements in paragraph c. below apply:

c. The recipient confirms that the agreement account will be audited applying established procedures under appropriate provisions of the financial regulations and rules of the United Nations. The recipient agrees to make available these audit reports to the USG and other related information as agreed upon by the parties. In exceptional circumstances, at USAID’s request, FAO will request its Finance Committee to request its External Auditor to perform a special examination of the accounts, records, and statements of a project covered by the agreement, of such scope as FAO, in consultation with USAID, will specify, provided that the costs of such special examination are covered by USAID or the project itself.

For agreements with UNDP, the requirements in paragraph c. below apply:

c. The recipient confirms that the award will be audited applying established procedures under appropriate provisions of the financial regulations and rules of UNDP. The recipient agrees to make available these audit reports to the USG in accordance with the UNDP Oversight Policy and relevant decisions of the UNDP Executive Board. The recipient also agrees to provide additional clarifications as may be reasonably requested by the USG with respect to questions arising from the audit report. In the event that USAID becomes aware of factors that would indicate a need for closer scrutiny of USAID-funded activities, these factors will be promptly brought to the attention of UNDP Office of Audit and Investigations to determine the need for a special purpose audit. The costs of such an audit shall be borne by the said activities.

For agreements with UNFPA, the requirements in paragraph c. below apply (Note that the Agency may not make awards to UNFPA at this time following the determination under the Kemp-Kasten Amendment by the Department of State in 2017 and 2018 and any subsequent annual determinations; please consult your cognizant GC or RLO backstop for annual updates.)
c. The Recipient confirms that the agreement will be audited applying established procedures under appropriate provisions of the financial regulations and rules of UNFPA. The Recipient agrees to make available these audit reports to the USG, in accordance with UNFPA’s Information Disclosure Policy and decisions of UNFPA’s Executive Board, and other related information as agreed upon by the parties. The recipient agrees to full collaboration with USAID on queries or requests for further information, including by making available external and internal audit and evaluation reports in line with the policies listed above, and answering queries and meeting for discussions on matters such as the recipient’s procedures, specific aspects of project operations, or any issues identified in audit reports or in project reporting. In the event that USAID becomes aware of factors that would indicate a need for closer scrutiny of USAID-funded activities, USAID will bring these to the attention of the recipient. The recipient’s Office responsible for conducting audits will then determine, after consultations with USAID, if needed, the need for a special independent audit to be carried out by that Office and the scope and plan for any such audit. The costs of such an audit will be borne by the donor.

For agreements with UNICEF, the requirements in paragraph c. below apply:

c. UNICEF confirms that its financial records, including those relating to the agreement, will be subject to audit applying established procedures under appropriate provisions of the financial regulations and rules of UNICEF. UNICEF agrees to make available these audit reports to the USG in accordance with the UNICEF Information Disclosure Policy and relevant decisions of the UNICEF Executive Board. UNICEF also agrees to provide additional clarifications as may be reasonably requested by the USG with respect to questions arising from audit reports relating to the agreement. In the event that USAID becomes aware of factors that would indicate a need for closer scrutiny of USAID-funded activities, USAID will bring these to the attention of UNICEF and the UNICEF Office of Internal Audit will determine, after consultation with USAID, as appropriate, the need for a special independent audit and the scope and plan for any such audit. The costs of such an audit will be borne by the USG.

For agreements with the WHO, the requirements in paragraph c. below apply:

c. The recipient confirms that its financial records, including those relating to the agreement, will be subject to audit in accordance with the WHO Regulations and Rules. The recipient agrees to make available audit reports to the USG in accordance with WHO Regulations and Rules. The recipient also agrees to provide additional clarifications as may be reasonably requested by the USG with respect to questions arising from audit reports relating to the agreement. In the event that USAID becomes aware of factors that would indicate a need for closer scrutiny of USAID-funded activities, USAID will bring these to the attention of the recipient, and the recipient’s Office of Internal Oversight Services will determine, after consultation with USAID, as appropriate, the need for a special independent audit and the scope and plan for any such audit. The costs of such an audit will be borne by the USG.
For agreements with UNWFP, the requirements in paragraph c. below apply:

c. The recipient confirms that the agreement account will be subject to audit applying established procedures under appropriate provisions of the financial regulations and rules of the World Food Programme. The recipient agrees to make available any resulting audit reports to the USG in accordance with the conditions and procedures of WFP’s Policy for Disclosure of Internal Audit reports to Member States (WFP/EB.2/2010/4-B/1/Rev.1) and other related information as agreed upon by the parties. In exceptional circumstances, USAID may request the WFP’s Inspector General to perform a special audit for a project or an aspect of a project, provided that the costs of the audit are covered by the donor or the project itself.

Refunds Provisions – All cost-type PIO agreements must include one of the following three provisions (Standard Provision M.7 or M.7-Alt I):

M.7 Refunds (Standard) (April 2011)
(This provision is applicable to all agreements except those made with UNFAO.)

Refunds (Standard) (August 2018)

a. If the recipient earns interest on U.S. Government advances before expending the funds for program purposes, the recipient must remit the interest annually to USAID in the same manner as funds were disbursed. Interest amounts up to $500 per year may be retained by the recipient for administrative expenses.

b. Funds obligated by USAID, but not disbursed to the recipient before the agreement expires or is terminated must revert to USAID, except for funds committed by the recipient to a legally binding transaction applicable to the agreement. Any funds advanced to, but not disbursed by, the recipient before the agreement’s expiration or termination must be refunded to USAID, except for funds committed by the recipient to a legally binding transaction applicable to the agreement.

c. If the USAID Agreement Officer determines that (i) USAID funds provided under the agreement have been expended for purposes not in accordance with the terms of the agreement, or (ii) USAID funds provided under the agreement in the form of an advance payment are in excess of the recipient’s disbursing needs, the recipient must refund that amount to USAID within 30 days.

M.7 – Alt I Refunds (Alternate I – UNFAO) (August 2018)
(This provision is applicable to agreements made with UNFAO.)

Refunds (Alternate I – UNFAO) (August 2018)

a. If the recipient earns interest on U.S. Government advances before expending the funds for program purposes, the recipient must remit the interest annually to USAID in
the same manner as funds were disbursed. Interest amounts up to $500 per year may be retained by the recipient for administrative expenses.

b. Funds obligated by USAID, but not disbursed to the recipient before the agreement expires or is terminated must revert to USAID, except for funds committed by the recipient to a legally binding transaction applicable to the agreement. Any funds advanced to, but not disbursed by, the recipient before the agreement’s expiration or termination must be refunded to USAID, except for funds committed by the recipient to a legally binding transaction applicable to the agreement.

c. If, at any time during the life of the agreement, or as a result of an audit, and after consultation with the recipient, the Agreement Officer determines that USAID funds provided under the agreement have been expended for purposes not in accordance with the terms of the agreement, then the recipient must refund the amount to USAID.

M.8 Agreement Budget Limitations and Revisions (August 2018)

a. The approved agreement budget is the financial expression of the recipient’s program as approved during the agreement process. USAID is not obligated to reimburse the recipient for any costs incurred in excess of the total amount obligated under the agreement.

b. The recipient must immediately request approval from the USAID Agreement Officer when there is reason to believe that, within the next 30 calendar days, a revision of the approved agreement budget will be necessary for any of the following reasons:

(1) To change the scope or the objectives of the program;

(2) To revise the funding allocated among program objectives by more than ten percent (10%) of the total budget amount unless the agreement states otherwise;

(3) To request additional funding for the program; or

(4) The recipient expects the amount of USAID authorized funds to exceed its needs by more than $20,000 or ten percent (10%) of the USAID agreement, whichever is greater.

c. The recipient will not be obligated to continue performance under the agreement (including actions under the “Termination Procedures” provision) or otherwise to incur costs in excess of the total amount obligated under the agreement, unless and until the USAID Agreement Officer notifies the recipient in writing that the obligated amount has been increased and specifies the new agreement total amount.
M.9 Termination Procedures (Standard) (April 2011)

The agreement may be terminated by either party, in whole or in part, at any time with ninety (90) days written notice of termination. After receiving a termination notice from the USAID Agreement Officer, the recipient must take immediate action to cease all expenditures financed by the agreement and to cancel all unliquidated obligations if possible. The recipient may not enter into any additional obligations under the agreement after receiving the notice of termination, other than those reasonably necessary to close out the agreement. Except as provided below, no further reimbursement will be made after the effective date of termination. As soon as possible, but in any event no later than 120 days after the effective date of termination, the recipient must repay to USAID all unexpended USAID funds that are not obligated by a legally binding transaction applicable to the agreement. If the funds paid by USAID to the recipient before the effective date of termination are not sufficient to cover the recipient’s obligations under a legally binding transaction, then the recipient may submit a written claim for such amount to USAID no later than 120 days after the effective date of termination. The USAID Agreement Officer must determine the amount(s) to be paid by USAID to the recipient under the claim in accordance with the “Allowable Costs” provision of the agreement.

M.10 Financial Management, Procurement, and Evaluation (April 2011)

To the extent not inconsistent with other provisions of the agreement, USAID and the recipient understand that funds made available to the recipient must be administered in accordance with the recipient’s own policies and procedures, including its financial, procurement, evaluation, and anti-fraud and corruption policies and procedures.

M.11 Dispute Resolution (April 2011)

USAID and the recipient will use their best efforts to amicably settle any dispute, controversy, or claim that results from, or relates to, the agreement.

M.14  Terrorist Financing Clause (Standard) (April 2011)

It is the responsibility of the recipient to ensure compliance with these Executive Orders and laws. This provision must be included in all contracts or sub-agreements issued under the agreement.
M.14-Alt I Terrorist Financing Clause (Alternate I - UN) (April 2011)

(This provision is applicable to agreements with United Nations organizations.)

Terrorist Financing Clause (Alternate I - UN) (April 2011)

Consistent with numerous United Nations Security Council resolutions, including S/RES/1269 (1999) [http://www.securitycouncilreport.org/atf/cf/%7B65B65BFCF9B-6D27-4E9C-8CD3-CF6E4FF96FF9%7D/Terrorism S RES 1269.pdf], S/RES/1368 (2001) [http://www.un.org/en/ga/search/view_doc.asp?symbol=S/RES/1368 %282001%29], and S/RES/1373 (2001) [http://www.un.org/en/sc/ctc/specialmeetings/2012/docs/United Nations Security Council Resolution 1373 (2001).pdf], both USAID and the recipient are firmly committed to the international fight against terrorism, and in particular, against the financing of terrorism. It is the policy of USAID to seek to ensure that none of its funds are used, directly or indirectly, to provide support to individuals or entities associated with terrorism. In accordance with this policy, the recipient undertakes to use reasonable efforts to ensure that none of the USAID funds provided under the agreement are used to provide support to individuals or entities associated with terrorism.

M.14-Alt II Terrorist Financing Clause (Alternate III - ICRC) (April 2011)

(This provision is applicable to agreements with the International Committee of the Red Cross (ICRC).)

Terrorist Financing Clause (Alternate II - ICRC) (April 2011)

a. Consistent with numerous United Nations Security Council resolutions, including S/RES/1269 (1999) [http://www.securitycouncilreport.org/atf/cf/%7B65B65BFCF9B-6D27-4E9C-8CD3-CF6E4FF96FF9%7D/Terrorism S RES 1269.pdf], S/RES/1368 (2001) [http://www.un.org/en/ga/search/view_doc.asp?symbol=S/RES/1368 %282001%29], S/RES/1373 (2001) [http://www.un.org/en/sc/ctc/specialmeetings/2012/docs/United Nations Security Council Resolution 1373 (2001).pdf], relevant United States statutes and Executive Orders, as well as with applicable sections of the Geneva Conventions, the United States does not provide support to individuals and groups that engage in, or support acts of, terrorism. The recipient understands that USAID has carefully reviewed, consistent with the aforementioned resolutions, statutes, Executive Orders, and Conventions, the description of the activities to be funded under the agreement. Accordingly, the activities described in the agreement have not been designed to assist parties to a conflict, governments, armed groups, or any other authority, including individuals and groups that engage in, or support acts of violence, the primary purpose of which is to spread terror among the civilian population.

b. If the recipient is requested or wishes to provide assistance outside of the agreement or requires clarification from USAID as to whether an activity would be consistent with the limitations set forth above, then the recipient must notify the USAID Agreement
Officer and provide a detailed description of the proposed activity. The recipient may not proceed with the activity until USAID advises that it may do so.

c. The recipient must ensure that its employees are made aware of the restrictions set forth in the agreement. It is not usual for the recipient to transfer USAID-provided funds to subrecipients, nor to use them to hire contractors or to enter into subagreements. Nonetheless, the recipient guarantees that, if it does, it must only do so if it is satisfied that the subrecipients will perform their duties consistently with the aforementioned conditions and the agreement.

M.15 Trafficking in Persons (August 2018)

Trafficking in Persons (August 2018)

Trafficking in persons (as defined in the Protocol to Prevent, Suppress, and Punish Trafficking in Persons, especially Women and Children, supplementing the UN Convention against Transnational Organized Crime) represents a significant human-rights concern to the United States and the international community. The recipient agrees not to engage in trafficking in persons during the performance of this agreement.

M.16 Prohibition on Federal Contracting With and Providing Federal Assistance to Entities that Require Certain Internal Confidentiality Agreements (August 2018)

Prohibition on Federal Contracting With and Providing Federal Assistance to Entities that Require Certain Internal Confidentiality Agreements (August 2018)

The Recipient must not require employees, subrecipients, or contractors to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees, subrecipients, or contractors from lawfully reporting such waste, fraud, or abuse to the Recipient’s investigatory body. If USAID determines that Recipient is not in compliance with this requirement, USAID may seek remedies under this Agreement, including disallowing otherwise allowable costs.

II. REQUIRED AS APPLICABLE STANDARD PROVISIONS FOR COST-TYPE AGREEMENTS WITH PUBLIC INTERNATIONAL ORGANIZATIONS

The following standard provisions must be used when applicable. In addition, certain standard provisions have alternates, each applicable only to a specific type of activity or project or to a specific PIO or category of PIOS.

Applicability statements precede the standard provisions (and in some cases, portions of the provisions) as italicized text. When a standard provision is determined to be applicable in accordance with the applicability statement, the use of such standard provision is mandatory unless a deviation is approved in accordance with ADS.
Do not include a “required as applicable” provision in the agreement if the applicability statement does not require it.

The recipient must not proceed with the activity until USAID advises that it may do so.

c. The recipient must ensure that its employees and any subrecipients or contractors providing investment promotion services under the agreement are made aware of the restrictions set forth in this clause and must include this clause in all contracts and other subagreements.

d. For purposes of this clause, the term “investment promotion” means activities that carry a high risk of being directly linked to the potential relocation of U.S. jobs, including the following activities:

   (2) Investment promotion missions to the U.S. where the intent is to induce U.S. firms or operations to relocate U.S. jobs;

b. Drug trafficking means “any activity undertaken illicitly to cultivate, produce, manufacture, distribute, sell, finance or transport, or to assist, abet, conspire, or collude with others in illicit activities, including money laundering, relating to narcotic or psychotropic drugs, precursor chemicals, or other controlled substances.”

c. For any loan over $1,000 made under the agreement by the recipient, the recipient must insert a clause in the loan agreement stating that the loan is subject to immediate cancellation, acceleration, recall, or refund to the recipient if the borrower or a key individual of a borrower is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking.

d. Upon notice by USAID of a determination under section (c) and at USAID’s discretion, the recipient agrees to immediately cancel, accelerate, or recall the loan, including a full refund of the outstanding balance. USAID reserves the right to have the loan refund returned to USAID.
e. Where USAID has designated a subrecipient, the recipient agrees not to disburse, or sign documents committing the recipient to disburse, funds to a subrecipient designated by USAID (“designated subrecipient”) until advised by USAID that (1) any United States Government review of the designated subrecipient and its key individuals has been completed; (2) any related certifications have been obtained; and (3) the assistance to the designated subrecipient has been approved. Where the designated subrecipient is a U.S. non-governmental organization (NGO), the United States Government review found in subparagraph (1) will not apply, but the other two subparagraphs will be required.

f. The recipient must insert the following clause, or its substance, in its agreement with the designated subrecipient:

“(Name of recipient) reserves the right to terminate this agreement or take other appropriate measures if (the subrecipient) or a key individual of (the subrecipient) is found to have been convicted of a narcotic offense or to have been engaged in drug trafficking. Drug trafficking is defined as any activity undertaken illicitly to cultivate, produce, manufacture, distribute, sell, finance or transport, or to assist, abet, conspire, or collude with others in illicit activities, including money laundering, relating to narcotic or psychotropic drugs, precursor chemicals, or other controlled substances.”

RAA.3 Prohibition on Police Assistance (April 2011)

(This provision is required when the agreement will support part of a larger activity which includes police assistance or where specific activities are not identified at the time of obligation but could include police assistance, and where there is no applicable exception that would allow USAID to provide this assistance. Voluntary Family Planning Activities (August 2018)

a. Voluntary Participation and Family Planning Methods.

(1) The recipient agrees to take any steps necessary to ensure that funds made available under this award will not be used to coerce any individual to practice methods of family planning inconsistent with such individual's moral, philosophical, or religious beliefs. Further, the recipient agrees to conduct its activities in a manner which safeguards the rights, health, and welfare of all individuals who take part in the program.

(2) Activities which provide family planning services or information to individuals, financed in whole or in part under this agreement, must provide a broad range of family planning methods and services available in the country in which the activity is conducted or must provide information to such individuals regarding where such methods and services may be obtained.

b. Requirements for Voluntary Family Planning Projects

(1) A family planning project must comply with the requirements of this paragraph b.

(2) A project is a discrete activity through which a governmental, nongovernmental, or public international organization provides family planning services to people and for which funds obligated under this award, or goods or services financed with such funds, are provided under this award, except funds solely for the participation of personnel in short-term, widely attended training conferences or programs.
(3) Service providers and referral agents in the project must not implement or be subject to quotas or other numerical targets of total number of births, number of family planning acceptors, or acceptors of a particular method of family planning. Quantitative estimates or indicators of the number of births, acceptors, and acceptors of a particular method that are used for the purpose of budgeting, planning, or reporting with respect to the project are not quotas or targets under this paragraph, unless service providers or referral agents in the project are required to achieve the estimates or indicators.

(4) The project must not include the payment of incentives, bribes, gratuities or financial rewards to (A) any individual in exchange for becoming a family planning acceptor or (B) any personnel performing functions under the project for achieving a numerical quota or target of total number of births, number of family planning acceptors, or acceptors of a particular method of contraception. This restriction applies to salaries or payments paid or made to personnel performing functions under the project if the amount of the salary or payment increases or decreases based on a predetermined number of births, number of family planning acceptors, or number of acceptors of a particular method of contraception that the personnel affect or achieve.

(5) A person must not be denied any right or benefit, including the right of access to participate in any program of general welfare or health care, based on the person’s decision not to accept family planning services offered by the project.

(6) The project must provide family planning acceptors comprehensible information about the health benefits and risks of the method chosen, including those conditions that might render the use of the method inadvisable and those adverse side effects known to be consequent to the use of the method. This requirement may be satisfied by providing information in accordance with the medical practices and standards and health conditions in the country where the project is conducted through counseling, brochures, posters, or package inserts.

(7) The project must ensure that experimental contraceptive drugs and devices and medical procedures are provided only in the context of a scientific study in which participants are advised of potential risks and benefits.

(8) With respect to projects for which USAID provides, or finances the contribution of, contraceptive commodities or technical services and for which there is no subaward or contract under this award, the organization implementing a project for which such assistance is provided must agree that the project will comply with the requirements of this paragraph while using such commodities or receiving such services.

(9) The recipient must notify USAID when it learns about an alleged violation in a project of the requirements of subparagraphs (3), (4), (5), or (7) of this paragraph. The recipient must investigate and take appropriate corrective action,
if necessary, when it learns about an alleged violation in a project of subparagraph (6) of this paragraph and must notify USAID about violations in a project affecting a number of people over a period of time that indicate there is a systemic problem in the project. The recipient must provide USAID such additional information about violations as USAID may request.

c. Additional Requirements for Voluntary Sterilization Programs.

(1) Funds made available under this award must not be used to pay for the performance of involuntary sterilization as a method of family planning or to coerce or provide any financial incentive to any individual to practice sterilization.

(2) The recipient must ensure that any surgical sterilization procedures supported, in whole or in part, by funds from this award are performed only after the individual has voluntarily appeared at the treatment facility and has given informed consent to the sterilization procedure. Informed consent means the voluntary, knowing assent from the individual after being advised of the surgical procedures to be followed, the attendant discomforts and risks, the benefits to be expected, the availability of alternative methods of family planning, the purpose of the operation and its irreversibility, and the option to withdraw consent any time prior to the operation. An individual's consent is considered voluntary if it is based upon the exercise of free choice and is not obtained by any special inducement or any element of force, fraud, deceit, duress, or other forms of coercion or misrepresentation.

(3) Further, the recipient must document the patient's informed consent by:

(A) A written consent document in a language the patient understands and speaks, which explains the basic elements of informed consent, as set out above, and which is signed by the individual and by the attending physician or by the authorized assistant of the attending physician; or,

(B) When a patient is unable to read adequately, a written certification by the attending physician or by the authorized assistant of the attending physician that the basic elements of informed consent above were orally presented to the patient, and that the patient thereafter consented to the performance of the operation. The receipt of this oral explanation must be acknowledged by the patient's mark on the certification and by the signature or mark of a witness who speaks the same language as the patient.

(4) The recipient must retain copies of informed consent forms and certification documents for each voluntary sterilization procedure for a period of three years after performance of the sterilization procedure.

d. Abortion Restrictions.
(1) No funds made available under this award will be used to finance, support, or be attributed to the following activities:

(A) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning;

(B) special fees or incentives to any person to coerce or motivate them to have abortions;

(C) payments to persons to perform abortions or to solicit persons to undergo abortions;

(D) information, education, training, or communication programs that seek to promote abortion as a method of family planning; or

(E) lobbying for or against abortion.

The term “motivate”, as it relates to family planning assistance, must not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options.

(2) No funds made available under this award will be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a means of family planning. Epidemiologic or descriptive research to assess the incidence, extent, or consequences of abortions is not precluded.

e. The recipient must insert this provision in all subsequent subawards and contracts involving family planning or population activities that will be supported, in whole or in part, from funds under this award.
