How can your company help fight COVID-19 in Tanzania?

Depending on the specific intervention, private sector assistance could take the form of:

- Expertise and skill sets (e.g., supply chain, data analytics, marketing/communications, technology and innovation)
- Use of company assets (e.g., locations for vaccinations, equipment)
- Collaboration with and/or funding of local or international organizations undertaking COVID response programs
- Provision of funding or donated items to government entities

COUNTRY-SPECIFIC NEEDS

**Increasing Vaccine Access & Delivery**

**Logistics, Warehousing, and Infrastructure**

- Provide, or support financially, vehicles, fuel, and space for community-level vaccination sites

**Vaccine Distribution, Planning, and Sites of Delivery**

- Sponsor vaccination sites in key locations around the country; support site setup (e.g., awnings, handwashing stations, chairs/tables, etc.)
- Support mobile vaccination teams to increase demand in areas with low vaccination levels

**Data and Monitoring**

- Provide IT infrastructure (hardware and software) platforms, and/or resources to support the tracking of real-time monitoring of vaccine supply at the site level to avoid vaccine stockout
- Provide human resources to address the backlog of vaccination data in the regions

**Expanding Availability of Tests, Therapeutics, and/or Personal Protective Equipment (PPE)**

**Staffing, Training and Administration**

- Support technical assistance training opportunities across the country for regional-level immunization officers through the funding of sites, mobile tools, funding

**Incentives and Messaging**

- Use data to understand and address behavioral determinants of vaccination, including completing multi-dose regimens to tailor messaging at the community level
- If present in the country, increase vaccine awareness and access amongst your organization’s staff and work the local government to bring vaccinations to your organization
- Contribute to incentives such as airtime or tickets to a football match that could be won through lotteries among those that are vaccinated

**Other**

- Support efforts to ensure children who have lost parents due to COVID-19 remain in nurturing, protective family care via targeted support to families, e.g. family strengthening and economic support, parenting and psychosocial support, early childhood care, and/or educational support
