

USAID BUREAU FOR HUMANITARIAN ASSISTANCE EMERGENCY APPLICATION GUIDELINES

ANNEX B: INDICATOR LIST

INTRODUCTION

USAID's Bureau for Humanitarian Assistance (BHA) has developed the following list of indicators to measure performance of its emergency response activities (including early recovery and disaster risk reduction). BHA developed the consolidated list of indicators for the BHA Emergency Application Guidelines primarily from emergency indicators used by the former Office of U.S. Foreign Disaster Assistance (OFDA) and Office of Food for Peace (FFP), however, there are several new indicators in this list.

The list includes 199 indicators from 16 sectors and 57 subsectors as well as keywords. Each indicator is listed as "Required", "Required- Select 2", "Required- Select 3", "Required if Applicable (RiA)", or "Optional". You must select "required" indicators within a sector or subsector if you propose any interventions from the subsector and you must select the specified number from the list within the subsector. You must select 2 or 3 from the list of proposed indicators that are labeled "Required- Select 2" or Required-Select 3". You must use the "required if applicable" indicators if you propose specific interventions and optional indicators are up to your discretion. Some sectors or subsectors require you to develop custom indicators; when using the custom indicator, it should be designated "C" and a number. For example, if you propose three custom indicators, they should be numbered as "C1, C2, and C3", respectively.

The indicators you propose should measure activity performance within the award time frame. The BHA Guidelines require you to identify and propose indicators for each level of results presented in the Indicator Tracking Table (ITT). The purpose indicator(s) will measure the highest result that the activity seeks to achieve; the sub-purpose indicator(s) will measure the result(s) of one component of the activity; intermediate indicators will measure practice changes; and output indicators will measure the immediate product of the intervention. You must select indicators that correspond to the appropriate level within the ITT based on the specific activity design.

Reference the BHA Indicator Handbook for the Performance Indicator Reference Sheets (PIRS) for each indicator listed. Additional guidance can be found in BHA Emergency M&E Policy and Guidance.

Last Updated September 4, 2020

FOOD SECURITY

#	INDICATOR	APPLICABILITY
FS1	<i>Percent of households with poor, borderline, and acceptable Food Consumption Score (FCS)</i>	RiA
FS2	<i>Mean and median Reduced Coping Strategies Index (rCSI)</i>	RiA
FS3	<i>Percent of households with moderate and severe Household Hunger Scale (HHS) scores</i>	RiA
FS4	<i>Number of individuals (beneficiaries) participating in BHA food security activities</i>	RiA

AGRICULTURE

#	INDICATOR	APPLICABILITY
IMPROVING AGRICULTURAL PRODUCTION		
A1	<i>Number of individuals (beneficiaries) directly benefiting from improving agricultural production</i>	<i>Required</i>
A2	<i>Number of hectares under improved management practices or technologies with BHA assistance</i>	<i>Required</i>
A3	<i>Number of individuals (beneficiaries) who have applied improved management practices or technologies with BHA assistance</i>	<i>Required</i>
A4	<i>Number of beneficiary households using improved post-harvest storage practices</i>	<i>Required</i>
A5	<i>Percent of households with access to sufficient seed to plant</i>	<i>Optional</i>
SEED SYSTEM SECURITY		
A6	<i>Number of individuals (beneficiaries) directly benefiting from seed systems/agricultural input activities</i>	<i>Required</i>
A5	<i>Percent of households with access to sufficient seed to plant</i>	<i>Required</i>
A4	<i>Number of beneficiary households using improved post-harvest storage practices</i>	<i>Required</i>
IRRIGATION		
A7	<i>Number of hectares under irrigation resulting from irrigation interventions</i>	<i>Required</i>
A8	<i>Number of individuals (beneficiaries) directly benefiting from irrigation interventions</i>	<i>Required</i>
A9	<i>Length of irrigation system implemented from irrigation interventions.</i>	<i>Required</i>
PEST AND PESTICIDES		
A10	<i>Number and percent of hectares protected against disease or pest attacks</i>	<i>Required</i>

A11	<i>Number of individuals (beneficiaries) trained in appropriate crop protection practices</i>	<i>Required</i>
A12	<i>Percent of individuals (beneficiaries) who received training practicing who are practicing appropriate crop protection procedures</i>	<i>Required</i>
A6	<i>Number of beneficiary households using improved post-harvest storage practices</i>	<i>Required</i>
LIVESTOCK		
A13	<i>Number of individuals (beneficiaries) benefiting from livestock activities</i>	<i>Required</i>
A14	<i>Number of animals benefiting from livestock activities</i>	<i>Required</i>
A15	<i>Number of animals owned per individual</i>	<i>Required</i>
A16	<i>Number of individuals trained in livestock</i>	<i>Optional</i>
FISHERIES AND AQUACULTURE		
A17	<i>Number of individuals (beneficiaries) benefiting from fisheries/aquaculture activities</i>	<i>Required</i>
A18	<i>Number of fisheries/aquaculture productive assets reconstructed/repared</i>	<i>Required</i>
A19	<i>Number of kilograms of aquatic resources harvested</i>	<i>Required</i>
A20	<i>Number of individuals (beneficiaries) trained in fisheries/aquaculture</i>	<i>Optional</i>

VETERINARY PHARMACEUTICALS AND MEDICAL COMMODITIES

A21	<i>Number of animals treated or vaccinated</i>	<i>Required</i>
A22	<i>Number of animal disease outbreaks</i>	<i>Required</i>
A23	<i>Number of veterinary facilities out of stock of any of the veterinary medical commodity tracer products, for longer than one week</i>	<i>Required</i>
A24	<i>Number of individuals (beneficiaries) trained in veterinary medical commodity supply chain management</i>	<i>Optional</i>

DISASTER RISK REDUCTION POLICY AND PRACTICE

#	INDICATOR	APPLICABILITY
BUILDING COMMUNITY AWARENESS/MOBILIZATION		
D1	<i>Number of individuals in the communities mobilized and completed a participatory hazard, vulnerability, and capacity assessment</i>	RiA
D2	<i>Number of community action plans developed participatory hazard, vulnerability, and capacity assessment</i>	RiA
D3	<i>Number of public awareness campaigns and/or drills completed</i>	RiA
D4	<i>Number of individuals reached through public awareness campaigns and/or participating in drills</i>	RiA
D5	<i>Percent of individuals perceiving/recognizing a high likelihood of being severely affected by specific hazard</i>	RiA
CAPACITY BUILDING AND TRAINING		
D6	<i>Number of individuals trained in disaster preparedness, DRR and/or DRM</i>	Required
D7	<i>Percent of individuals who retain disaster preparedness, DRR and/or DRM skills and knowledge two months after training</i>	Required
D8	<i>Number of individuals trained in First Aid, Search and Rescue or health related Disaster Risk Reduction interventions</i>	RiA
GLOBAL ADVOCACY AND ENGAGEMENT		
D9	<i>Number of jointly organized events held to raise DRR awareness, support and collaborate for improved DRR and response</i>	Required
D10	<i>Number of attendees at jointly organized events held to raise DRR awareness, support and collaborate for improved DRR and response</i>	Required
D11	<i>Number of documents, plans, joint publications and/or agreements written or revised to reflect improved DRR policy or practice</i>	Required
INTEGRATION/ENHANCEMENT WITHIN EDUCATION SYSTEMS AND RESEARCH		

D12	<i>Number of DRR curricula developed</i>	<i>Required</i>
D13	<i>Number of students trained in disaster preparedness, DRR and/or DRM</i>	<i>Required</i>
D14	<i>Percent of students who retain disaster preparedness, DRR and/or DRM skills and knowledge two months after training</i>	<i>Required</i>
POLICY AND PLANNING		
D15	<i>Number of DRR strategies, policies, disaster preparedness, and contingency response plans written or revised to reflect improved information and procedures</i>	<i>Required</i>
D16	<i>Number of DRR strategies, policies, disaster preparedness and contingency response plans are being adopted or utilized by communities and/or governments</i>	<i>Required</i>

ECONOMIC RECOVERY AND MARKET SYSTEMS

#	INDICATOR	APPLICABILITY
LIVELIHOODS RESTORATION		
E1	<i>Number of individuals assisted through livelihoods restoration activities</i>	<i>Required</i>
E2	<i>Percent of beneficiaries reporting net income from their livelihood</i>	<i>Required</i>
NEW LIVELIHOODS DEVELOPMENT		
E3	<i>Number of individuals assisted through new livelihoods development activities</i>	<i>Required</i>
E2	<i>Percent of beneficiaries reporting net income from their livelihood</i>	<i>Required</i>
E4	<i>Percent of beneficiaries actively practicing their new livelihoods</i>	<i>Required</i>
E5	<i>Number of full-time equivalent off-farm jobs created with USG assistance</i>	<i>RiA</i>
E6	<i>Percent of beneficiaries in USG-assisted programs designed to increase access to productive economic resources who are youth (15-29)</i>	<i>RiA</i>
MARKET SYSTEM STRENGTHENING		
E7	<i>Estimated number of vulnerable disaster-affected individuals indirectly assisted through market system rehabilitation activities</i>	<i>Required</i>
E8	<i>Amount of market infrastructure rehabilitated by type (kilometers of market feeder roads, kilometers of ditches, kilometers of irrigation canals; number of bridges; other)</i>	<i>RiA</i>
E9	<i>Total number of critical market actors directly assisted through market system rehabilitation activities</i>	<i>RiA</i>
FINANCIAL SERVICES		
E10	<i>Number of individuals and/or MSMEs participating in financial services with USAID assistance</i>	<i>Required</i>
E11	<i>Percent of financial service accounts/groups supported by BHA that are functioning properly</i>	<i>Required</i>

TEMPORARY EMPLOYMENT

E12	<i>Number of individuals participating in CFW activities</i>	<i>Required</i>
------------	--	-----------------

FOOD ASSISTANCE

#	INDICATOR	APPLICABILITY
CONDITIONAL FOOD ASSISTANCE		
F1	<i>Number of beneficiaries receiving food assistance</i>	RiA
F2	<i>Percent of households where women reported participating in decisions on the use of food assistance</i>	RiA
F3	<i>Percent of food assistance decision-making entity members who are women</i>	RiA
FS1	<i>Percent of households with poor, borderline, and acceptable Food Consumption Score (FCS)</i>	RiA
FS2	<i>Mean and median Reduced Coping Strategies Index (rCSI)</i>	RiA
FS3	<i>Percent of households with moderate and severe Household Hunger Scale (HHS) scores</i>	RiA
UNCONDITIONAL FOOD ASSISTANCE		
F1	<i>Number of beneficiaries receiving food assistance</i>	RiA
F2	<i>Percent of households where women reported participating in decisions on the use of food assistance</i>	RiA
F3	<i>Percent of food assistance decision-making entity members who are women</i>	RiA
FS1	<i>Percent of households with poor, borderline, and acceptable Food Consumption Score (FCS)</i>	RiA
FS2	<i>Mean and median Reduced Coping Strategies Index (rCSI)</i>	RiA
FS3	<i>Percent of households with moderate and severe Household Hunger Scale (HHS) scores</i>	RiA
COOKED MEALS		
F4	<i>Number of cooked meals distributed</i>	RiA
F2	<i>Percent of households where women reported participating in decisions on the use of food assistance</i>	RiA
F3	<i>Percent of food assistance decision-making entity members who are women</i>	RiA

FS1	<i>Percent of households with poor, borderline, and acceptable Food Consumption Score (FCS)</i>	RiA
FS2	<i>Mean and median Reduced Coping Strategies Index (rCSI)</i>	RiA
FS3	<i>Percent of households with moderate and severe Household Hunger Scale (HHS) scores</i>	RiA

HEALTH

#	INDICATOR	APPLICABILITY
HEALTH SYSTEMS SUPPORT		
H1	<i>Number of health facilities supported</i>	<i>Required</i>
H2	<i>Percent of total weekly surveillance reports submitted on time by health facilities</i>	<i>Required</i>
H3	<i>Number of health facilities rehabilitated</i>	<i>RiA</i>
H4	<i>Number of health care staff trained</i>	<i>RiA</i>
BASIC PRIMARY HEALTH CARE		
H5	<i>Number of outpatient consultations</i>	<i>Required</i>
H6	<i>Number of Community Health Workers (CHW) supported (total within project area and per 10,000 population)</i>	<i>RiA</i>
H7	<i>Number and percent of deliveries attended by a skilled attendant</i>	<i>RiA</i>
H8	<i>Number and percent of pregnant women who have attended at least two complete antenatal clinics</i>	<i>RiA</i>
H9	<i>Number and percent of newborns that receive postnatal care within three days delivery</i>	<i>RiA</i>
H10	<i>Number of cases of sexual violence treated</i>	<i>RiA</i>
H11	<i>Number of consultations for communicable disease</i>	<i>RiA</i>
H12	<i>Number of consultations for non-communicable diseases</i>	<i>RiA</i>
H13	<i>Number of consultations for any mental health condition</i>	<i>RiA</i>
H14	<i>Number of consultations for trauma-related injuries</i>	<i>RiA</i>
H15	<i>Number and percent of community members who can recall target health education messages</i>	<i>RiA</i>

H16	<i>Number of children under five years of age who received community-based treatment for common childhood illnesses</i>	RiA
HIGHER LEVEL CARE		
H17	<i>Number of hospitalizations</i>	Required
H18	<i>Case fatality ratio</i>	Required
H19	<i>Number and percent of deliveries by caesarean section</i>	RiA
PUBLIC HEALTH EMERGENCIES		
H4	<i>Number of health care staff trained</i>	Required
H20	<i>Percent of target population who can recall 2 or more protective measures</i>	Required
H21	<i>Number of supervision visits conducted</i>	RiA
H22	<i>Number of safe and dignified burials completed</i>	RiA
PHARMACEUTICALS AND OTHER MEDICAL COMMODITIES		
H23	<i>Number of individuals trained in medical commodity supply chain management</i>	Required
H24	<i>Number of health facilities out of stock of any medical commodity tracer products, for longer than one week, 7 consecutive days</i>	Required
H25	<i>Number of individuals treated for the restricted use indication</i>	RiA
H26	<i>Quantity of pharmaceuticals purchased to treat individuals for the restricted use indications</i>	RiA
H27	<i>Number of individuals treated with each approved non-BHA EML pharmaceutical</i>	RiA

HUMANITARIAN COORDINATION AND INFORMATION MANAGEMENT, AND ASSESSMENTS (HCIMA)

#	INDICATOR	APPLICABILITY
COORDINATION		
11	<i>Number of humanitarian organizations actively coordinating in the proposed area of work</i>	RiA
12	<i>Number of humanitarian organizations actively participating in inter-agency coordination mechanisms</i>	RiA
13	<i>Number and percent of humanitarian organizations participating in joint assessments</i>	RiA
14	<i>Number of other key humanitarian actors actively participating in humanitarian coordination mechanisms</i>	RiA
15	<i>Number of humanitarian organizations internally sharing joint assessment information</i>	RiA
16	<i>Number of needs assessments coordinated with other clusters, agencies, or work groups</i>	RiA
INFORMATION MANAGEMENT		
17	<i>Number and percent of humanitarian organizations utilizing information management services</i>	Required
18	<i>Number and percent of humanitarian organizations directly contributing to information products</i>	Required
19	<i>Number of products made available by BHA funded information management services that are accessed by stakeholders</i>	Required
COORDINATED NEEDS ASSESSMENTS		
110	<i>Number of humanitarian assistance sectors involved in the coordinated needs assessment process</i>	Required
111	<i>Number of humanitarian actors involved in the coordinated needs assessment process</i>	Required

112	<i>Number of days elapsed from the coordinated needs assessment inception date to release of the first edition of the coordinated needs assessment report</i>	<i>Required</i>
113	<i>A custom indicator to measure outcomes related to the proposed coordinated needs assessment activities</i>	<i>Required</i>

HUMANITARIAN POLICY, STUDIES, ANALYSIS, OR APPLICATIONS

There are no BHA indicators for the Humanitarian Policy, Studies, Analysis, or Applications (HPSAA) sector. The partner must, however, use custom indicators for each sub-sector according to the requirements in the table below.

Note that the table below does not include indicator numbers since the table summarizes indicator requirements, not standard BHA indicators (as is the case in other sectors within this handbook). Partners should number each custom indicator using the letter “C” plus a letter, i.e., “C2” would be the second custom indicator that appears in the Indicator Tracking Table.

SUB-SECTOR	INDICATOR REQUIREMENT
Applied Research and Studies	Include one custom output indicator specific to the activities proposed (e.g., number of articles, publications, or products prepared)
	Include one custom outcome indicator specific to the activities proposed (e.g., number of articles, publications, or products published or shared within the HA community).
Capacity Building, Training, and Technical Assistance	Include one custom output indicator specific to the activities proposed
	Include one custom outcome indicator specific to the activities proposed (e.g., percentage of participants demonstrating increased knowledge related to trainings/capacity building sessions).
Guidelines Development, Toolkits, and Resources	Include one custom output indicator specific to the activities proposed (e.g., number of events convened; number of guidelines or toolkits developed).
	Include one custom outcome indicator specific to the activities proposed
Thought Leadership and Policy	Include one custom output indicator specific to the activities proposed (e.g., number of workshops/conferences convened or number of participants in proposed activity).
	Include one custom outcome indicator specific to the activities proposed (e.g., percentage of participants demonstrating increased knowledge related to workshop/conference topic).

LOGISTICS

#	INDICATOR	APPLICABILITY
ACQUISITION AND STORAGE		
L1	<i>Average completion rate of line items procured by implementing partner following approved institutional procurement and quality policies</i>	RiA
L2	<i>Weight, volume, and duration of commodities using storage services</i>	RiA
TRANSPORT (AIR/LAND/SEA)		
L3	<i>Quantity of people transported through multimodal carriers</i>	RiA
L4	<i>Weight, volume, and duration of commodities transported through multimodal carriers</i>	RiA

MONITORING AND EVALUATION

There are no BHA indicators for the Monitoring and Evaluation sector. The partner must, however, use custom indicators for each sub-sector according to the requirements in the table below.

Note: The table below does not include indicator numbers since the table summarizes indicator requirements, not standard BHA indicators (as is the case in other sectors within this handbook). Partners should number each custom indicator using the letter “C” plus a letter, i.e., “CI” would be the first custom indicator that appears in the Indicator Tracking Table.

SUB-SECTOR	INDICATOR REQUIREMENT
Advancing Evaluation for Humanitarian Assistance	<i>Include one custom output indicator specific to the activities proposed (e.g., number of evaluations conducted; or number of organizations receiving evaluation products disseminated by the project).</i>
	<i>Include one custom outcome indicator specific to the activities proposed (e.g., number of organizations utilizing evaluation findings)</i>
Monitoring & Data Utilization	<i>Include one custom output indicator specific to the activities proposed (e.g., number of individuals or organizations utilizing the new method or approach; or number of participants trained in application of the proposed monitoring approach).</i>
	<i>Include one custom outcome indicator specific to the activities proposed (e.g., percentage of participants demonstrating increased knowledge related to monitoring for HA; number of organizations integrating improved monitoring methods in implementation)</i>

MULTIPURPOSE CASH ASSISTANCE

#	INDICATOR NAME	APPLICABILITY
MULTIPURPOSE CASH (MPC)		
M1	<i>Total number of individuals (beneficiaries) assisted through multipurpose cash activities</i>	<i>Required</i>
M2	<i>Percent of (beneficiary) households who report being able to meet the basic needs of their households (all/most/some/none), according to their priorities</i>	<i>Required</i>
M3	<i>Percent of beneficiaries reporting that humanitarian assistance is delivered in a safe, accessible, accountable, and participatory manner</i>	<i>Required</i>
FS1	<i>Percent of (beneficiary) households by Food Consumption Score (FCS) phase (Poor, Borderline, and Acceptable)</i>	<i>Required - Select 3 from list</i>
M4	<i>Percent of (beneficiary) households whose shelter solutions meet agreed technical and performance standards</i>	
M5	<i>Percent of target (beneficiary) population living in safe and dignified shelters</i>	
M6	<i>Percent of (beneficiary) households reporting adequate access to household non-food items</i>	
M7	<i>Percent of (beneficiary) households using an unsafe water source because they cannot afford to use a safer water source</i>	
M8	<i>Percent of (beneficiary) households who have reduced essential WASH related basic needs expenditures</i>	
M9	<i>Percent of (beneficiary) households practicing open defecation because they cannot afford to pay to use a public latrine and/or to build a latrine</i>	
FS2	<i>Reduced Coping Strategy Index (rCSI)</i>	<i>Optional</i>
M10	<i>Percent of (beneficiary) households by Livelihoods Coping Strategies (LCS) phase (Neutral, Stress, Crisis, Emergency)</i>	<i>Optional</i>

NUTRITION

#	INDICATOR	APPLICABILITY
SECTOR LEVEL		
N1	<i>Number of children under five (0-59 months) reached with nutrition-specific interventions through BHA</i>	RiA
N2	<i>Number of pregnant women reached with nutrition-specific interventions through BHA</i>	RiA
MANAGEMENT OF ACUTE MALNUTRITION		
N3	<i>Number of health care staff trained in the prevention and management of acute malnutrition</i>	Required
N4	<i>Number of supported sites managing acute malnutrition</i>	Required
N5	<i>Number of individuals admitted, rates of recovery, default, death, relapse, and average length of stay for individuals admitted to Management of Acute Malnutrition sites</i>	Required
N6	<i>Number of Management of Acute Malnutrition sites rehabilitated</i>	RiA
N7	<i>Number of individuals screened for malnutrition by community outreach workers</i>	RiA
MATERNAL INFANT AND YOUNG CHILD NUTRITION IN EMERGENCIES		
N8	<i>Percent of infants 0-5 months of age who are fed exclusively with breast milk</i>	Required
N9	<i>Percent of children 6–23 months of age who receive foods from 5 or more food groups (MDD)</i>	Required
N10	<i>Percent of women of reproductive age consuming a diet of minimum diversity (MDD-W)</i>	RiA
N11	<i>Number of individuals receiving behavior change interventions to improve infant and young child feeding practices</i>	RiA
N12	<i>Number of individuals receiving micronutrient supplement</i>	RiA

SUPPLEMENTAL NUTRITION ASSISTANCE

N13	<i>Number of nutritionally vulnerable individuals who receive specialized nutritious foods, cash or vouchers intended to achieve a nutritional outcome</i>	<i>Required</i>
------------	--	-----------------

PROTECTION

#	INDICATOR	APPLICABILITY
CHILD PROTECTION		
P1	<i>Number of individuals participating in child protection services</i>	<i>Required</i>
P2	<i>Number of dollars allocated for child protection activities</i>	<i>Required</i>
C	<i>At least one additional custom indicator to measure protection outcomes of the proposed activities. This indicator should measure and capture a decrease in children's vulnerability, a minimized threat, a reduction of risk, or an improvement in the well-being of children who have been harmed, exploited, or abused</i>	<i>Required</i>
PREVENTION AND RESPONSE TO GENDER BASED VIOLENCE		
P3	<i>Number of individuals accessing GBV response services</i>	<i>Required</i>
P4	<i>Number of dollars allocated for GBV activities</i>	<i>Required</i>
C	<i>At least one additional indicator to measure protection outcomes of the proposed activities. This indicator should measure and capture a decrease in the vulnerability of those who have experienced GBV or an increase in the protection environment of those who are most vulnerable to GBV</i>	<i>Required</i>
PROTECTION COORDINATION, ADVOCACY, AND INFORMATION		
P5	<i>Number of individuals trained in protection</i>	<i>Required</i>
C	<i>At least one additional custom indicator to measure protection outcomes of the proposed activities. This indicator must capture a change in the protective environment for the affected population</i>	<i>Required</i>
PSYCHOSOCIAL SUPPORT SERVICES		
P6	<i>Number of individuals participating in psychosocial support services</i>	<i>Required</i>
C	<i>At least one additional custom indicator to measure protection outcomes of the proposed activities. This indicator should capture a change in the psychosocial well-being of the targeted population</i>	<i>Required</i>

SHELTER AND SETTLEMENTS

#	INDICATOR	APPLICABILITY
S&S DISASTER RISK REDUCTION		
S1	<i>Number of individuals and households benefiting from shelters incorporating DRR measures in settlements</i>	<i>Required</i>
S2	<i>Number of individuals and households benefiting from settlements adopting DRR measures</i>	<i>Required</i>
S3	<i>Number and percent of individuals in settlements retaining shelter and settlement DRR knowledge two months after training</i>	<i>Required</i>
S&S NON-FOOD ITEMS		
S4	<i>Number and per item cost of NFIs distributed</i>	<i>Required</i>
S5	<i>Number and percent of households meeting emergency NFI needs of identified settlement(s) through use of cash/vouchers</i>	<i>RiA</i>
S6	<i>Number and percent of households receiving NFIs in identified settlement(s) through use of in-kind NFIs</i>	<i>Required</i>
S7	<i>Number and percent of individuals reporting satisfaction with the quality of the NFIs received</i>	<i>Required</i>
S8	<i>Number of individuals in the settlement receiving support from settlements interventions</i>	<i>Required</i>
SETTLEMENTS		
S9	<i>Percent individuals receiving shelter assistance out of the total number residents in identified settlement(s)</i>	<i>Required</i>
S10	<i>Percent of settlement beneficiaries who believe settlement interventions met or exceeded expectations</i>	<i>Required</i>
SHELTER		
S11	<i>Number of households occupying shelter that is provided pursuant to relevant guidance appearing in the Sphere Project Handbook</i>	<i>RiA</i>
S12	<i>Number and percent of households in identified settlements occupying shelter that is provided</i>	<i>RiA</i>
S13	<i>Amount and percent of the activity budget spent on goods and services produced/procured in country</i>	<i>Required</i>

NATURAL HAZARDS AND TECHNOLOGICAL RISKS

#	INDICATOR	APPLICABILITY
GEOLOGICAL HAZARDS		
T1	<i>Number of individuals benefiting from geological disaster-related interventions</i>	<i>Required</i>
T2	<i>Number of geological policies or procedures modified as a result of the interventions to increase the preparedness for geological events</i>	<i>RiA</i>
T3	<i>Number of individuals trained to reduce the impact of geological events</i>	<i>RiA</i>
HYDROMETEOROLOGICAL HAZARDS		
T4	<i>Number of individuals who will benefit from proposed hydrometeorological activities</i>	<i>Required</i>
T5	<i>Number of hydrometeorological policies or procedures modified as a result of the activities to increase preparedness for hydrometeorological events</i>	<i>Required</i>
T6	<i>Number and percentage of individuals trained in hydrometeorological-related activities retaining knowledge two months after training</i>	<i>Required</i>
TECHNOLOGICAL HAZARDS		
T7	<i>Number of individuals benefiting from response technological disaster interventions</i>	<i>Required</i>
T8	<i>Number of individuals trained to respond safely to technological disasters</i>	<i>Required</i>

WATER, SANITATION, AND HYGIENE

#	INDICATOR TITLE	APPLICABILITY
ENVIRONMENTAL HEALTH		
W1	<i>Number of people receiving improved service quality from solid waste management, drainage, or vector control activities (without double-counting)</i>	Required
W2	<i>Average number of community cleanup/debris removal activities conducted per community targeted by the environmental health program</i>	Required - Select 2 from list
W3	<i>Average number of communal solid waste disposal sites created and in use per community targeted by the environmental health program</i>	
W4	<i>Percent of households targeted by the WASH promotion program that are properly disposing of solid waste</i>	
W5	<i>Average number of persistent standing water sites eliminated via drainage interventions per community targeted by the environmental health program</i>	
W6	<i>Average number of vector control activities conducted per community targeted by the environmental health intervention</i>	
HYGIENE PROMOTION		
W7	<i>Number of people receiving direct hygiene promotion (excluding mass media campaigns and without double-counting)</i>	Required
W8	<i>Percent of households with soap and water at a handwashing station on premises</i>	Required- Select 2
W9	<i>Percent of households targeted by the hygiene promotion program with no evidence of feces in the living area</i>	
W10	<i>Percent of people targeted by the hygiene promotion program who know at least three (3) of the five (5) critical times to wash hands</i>	
W11	<i>Percent of households targeted by the hygiene promotion program who store their drinking water safely in clean containers</i>	
W12	<i>Percent of people targeted by the hygiene promotion program who report using a latrine the last time they defecated</i>	
SANITATION		
W13	<i>Number of people directly utilizing improved sanitation services provided with BHA funding</i>	Required

W14	<i>Number of people gaining access to a basic sanitation service as a result of BHA assistance</i>	Required- Select 2
W15	<i>Percent of households in target areas practicing open defecation</i>	
W16	<i>Number of communities verified as open defecation free (ODF) as a result of BHA assistance</i>	
W17	<i>Number of basic sanitation facilities provided in institutional settings as a result of USG assistance</i>	
W18	<i>Percent of households targeted by latrine construction/promotion program whose latrines are completed and clean</i>	
W19	<i>Percent of latrines/defecation sites in the target population with handwashing facilities that are functional and in use</i>	
W20	<i>Average number of users per functioning toilet</i>	
W21	<i>Number of people per safe bathing facility completed in target population</i>	
W22	<i>Percent of excreta disposal facilities built or rehabilitated in health facilities that are clean and functional</i>	
W23	<i>Percent of hand washing stations built or rehabilitated in health facilities that are functional</i>	
W24	<i>Percent of MHM facilities constructed in target population that are currently in use</i>	
WASH Non-food Items		
W25	<i>Total number of people receiving WASH NFIs assistance through all modalities (without double-counting)</i>	Required
W26	<i>Percent of households reporting satisfaction with the contents of the WASH NFIs received through direct distribution (i.e. kits) or vouchers</i>	Required- Select 2
W27	<i>Percent of households reporting satisfaction with the quantity of WASH NFIs received through direct distribution (i.e. kits), vouchers, or cash</i>	
W28	<i>Percent of households reporting satisfaction with the quality of WASH NFIs received through direct distribution (i.e. kits), vouchers, or cash</i>	

WATER SUPPLY

W29	<i>Number of people directly utilizing improved water services provided with BHA funding</i>	Required
W30	<i>Number of people gaining access to basic drinking water services as a result of BHA assistance</i>	Required- Select 2
W31	<i>Average liters/person/day collected from all sources for drinking, cooking, and hygiene</i>	
W32	<i>Estimated safe water supplied per beneficiary in liters/person/day</i>	
W33	<i>Percent of households targeted by WASH program that are collecting all water for drinking, cooking, and hygiene from improved water sources</i>	
W34	<i>Percent of households whose drinking water supplies have 0 fecal coliforms per 100 ml sample</i>	
W35	<i>Percent of households whose drinking water supplies have a free residual chlorine (FRC) > 0.2 mg/L</i>	
W36	<i>Percent of households receiving point-of-use chlorine products whose water supplies have free residual chlorine (FRC) present</i>	
W37	<i>Percent of water points developed, repaired, or rehabilitated with 0 fecal coliforms per 100 ml sample</i>	
W38	<i>Percent of water points developed, repaired, or rehabilitated with free residual chlorine (FRC) > 0.2 mg/L</i>	
W39	<i>Percent of water user committees created and/or trained by the WASH program that are active at least three (3) months after training</i>	
W40	<i>Percent of water points developed, repaired, or rehabilitated that are clean and protected from contamination</i>	
W41	<i>Percent of water committees actively using Water Safety Plans that have been created for water points developed, repaired, or rehabilitated by the water supply program</i>	
W42	<i>Number of institutional settings gaining access to basic drinking water services as a result USG assistance</i>	

KEYWORDS: CASH AND VOUCHERS

#	INDICATOR	APPLICABILITY
K1	<i>Total USD value of cash transferred to beneficiaries</i>	RiA
K2	<i>Total USD value of vouchers redeemed by beneficiaries</i>	RiA
K3	<i>Total quantity (in metric tons) of food distributed to beneficiaries</i>	RiA
