

USAID Response to 2021 Haiti Earthquake

On August 14, 2021, a magnitude 7.2 earthquake struck southwestern Haiti, approximately 80 miles west of the capital Port-au-Prince. Within hours, USAID deployed a Disaster Assistance Response Team (DART) to lead the U.S. Government's response, search for survivors, assess needs, and provide lifesaving assistance.

\$32 million in humanitarian aid provided by the United States to support people affected by the earthquake.

USAID Disaster Assistance Response Team

At its peak, the DART comprised **97 staff** including:

33
USAID
Disaster Experts

65
Search and
Rescue Professionals

4
Canines

830
metric tons
of food

2,900
Hygiene kits to
prevent disease

700
Jerry cans to store
safe drinking water

2,700
Heavy-duty plastic sheets &
2,300 shelter kits to repair homes

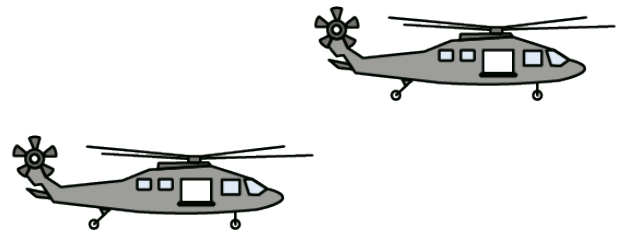

1,600
Blankets

1,100
Kitchen Sets

U.S. Military Assistance

Numerous U.S. military helicopters are supporting USAID's mission by transporting humanitarian cargo and response staff. As of August 26, JTF-Haiti—including the U.S. Coast Guard—has conducted more than 400 missions, assisted or rescued more than 450 people, and delivered more than 250,000 pounds of vital aid, including food, water, medical supplies, and equipment.
