11. STATEMENT OF DUTIES

1. Basic Function of Position:

This position is located in the USAID/Morocco Financial Management Division (FMD) of the Financial and Administrative Management Office (FAMO). The Supervisory Financial and Accounting Specialist reports the Director of FAMO and serves in a unique and specialized capacity encompassing global USAID/Morocco development activities, regional coordination with the Middle East Regional Platform (MERP) in Frankfurt, Germany, mentoring of Finance and Accounting staff, and multi-sectoral program and operations management within the Mission. As one of three senior Cooperative Country National Supervisors within FAMO coordinating and monitoring professional accounting, budgeting, and reporting activities of broad scope and complexity, the incumbent serves as the deputy of the Controller in charge of strategic and technical affairs of USAID/Morocco. In addition to supervising the Financial Analyst and a Chief Accountant, the incumbent oversees the implementation of accounting, payments, reporting, internal controls, procedures within the Mission. In the absence of the Director of FAMO, the Chief Accountant assumes all duties and responsibilities of the Controller role, except certification of payments. The Supervisory Financial and Accounting Specialist serves as one of the Mission’s senior subject matter experts (SME) in Partner Government's public financial management, leading USAID/Morocco approach to direct financing. The incumbent provides insights to the Mission Director and Technical Office Directors in the public finance sector, which is used to frame the Mission’s donor engagement with the host Government.

Under the FAMO Director’s purview, the incumbent advises the Prosper Africa leadership team on foreign assistance financing, financial management operations, and the coordination of budget preparation. In addition, the incumbent oversees financial reviews and assessments of host country implementing organizations’ and other USAID grantees’ financial accounting, internal control, and contracting capabilities. The Supervisory Financial and Accounting Specialist serves as a SME to the mission in host country fiscal laws, financial management practices, and local taxation.

The incumbent provides high-level financial and technical advice to the technical teams and financial analysis and advisory services on all aspects of the financial aspect of development assistance projects. S/he deftly oversees all facets of financial operations for development and assistance of a pipeline totaling over $150 million in program funding and $6 million in operating expense and program support funding. The incumbent is directly responsible for the training, development, mentoring, and supervision of the budget and accounting, payroll, and voucher examination staff. The incumbent also serves as the principal financial management advisor supporting general oversight of audit and risk management engagements and providing uniform guidance and procedures for risk and financial management of all appropriated and non-
appropriated funds available to the Mission, including implementation of internal accounting controls to safeguard those funds and other Mission assets. The incumbent also guides and advises on recommended solutions for improvements to the financial systems.

2. **Major Duties and Responsibilities (% Of Time):**

A. **Audit Management and Data Calls (25%):**

Directs the implementation of the Mission's Non-Federal audit program. Coordinates the Management Control Review Committee (MCRC)'s bi-annual reviews of all audit-related activities, including preparing the annual audit inventory, implementing the annual audit plan, and audit findings resolutions. Coordinates partners with independent auditor's responses to inadequate audit reports. Analyzes internal control deficiencies in partner organizations and works with partners in resolving internal control deficiencies and obtaining refunds to questioned costs. Reviews Mission comments on Recipient Contracted Audits for the Contracting/Agreement Officer (C/O)’s determination. Reviews and prepares written management decisions for the C/O's review and signature. Directs and supervises Mission annual Federal Managers Financial Integrity Act (FMFIA) and the Mission Enterprise Risk Management (ERM) reviews. Supervisor and directs the maintenance of the Phoenix accounting and control system covering all appropriated funds and numerous subsidiary accounting systems required for accurate tracking and reporting on appropriations and allowances, projects, project components, operating expenses, and specialized accounts; provides professional guidance and supervision to subordinate professionals engaged in these fiscal and accounting activities; recommends certification of funds availability, and provides professional accounting advice to the Technical Offices engaged in program implementation; and, establishes and monitors pre-validation techniques to ensure availability of funds to meet legitimate needs and avoid Anti-Deficiency Act violations. Authorized to make decisions relating to the integrity of financial operations and reporting.

B. **Financial Management (20%):**

Leads and coordinates FMD's financial management functions. Ensures that the Financial Analyst participates actively in the Technical Offices meetings and serves as the financial management expert providing technical guidance on USAID financial procedures, accounting, and internal control requirements to the Financial Analyst, Technical Offices members, partners, and host country institutions. Provides expert advice on financial analysis, program/activity design, developing cost estimates, financial plans, analyzing cash flows, and preparing an overall assessment of financial feasibility of design alternatives. Supervises the design and implementation of checks and balances in the Mission portfolio with the objective of reducing USAID/Morocco's vulnerability and promoting the integrity of its program. The incumbent works to reduce the Mission's vulnerability to fraud, waste, or abuse by directing a program of financial review, performing periodic site visits to project implementing organizations, and assisting them in identifying and correcting potential administrative or financial problems before they become serious audit findings. As a representative of the FAMO Director, provides uniform guidance and procedures for the financial management of all appropriated and non-appropriated funds available to the Mission, including implementing internal accounting controls to safeguard those funds and other USAID assets. Ensures that financing and reporting procedures, which conform with
USAID's financial and program reporting systems and to the requirements and limitations of U.S. Government and cooperating country laws and regulations, are fully considered and outlined in implementation letters, grant projects, and contract agreements.

C. Program Budget Formulation and Implementation (20%):

Directs the performance of pre-award surveys, financial reviews, and desk audits of implementing partners to assess institutional administrative and financial management capabilities of prospective beneficiary institutions as part of an activity design or during implementation. Monitors the financial and accounting performance of contractors and recipients by directing risk assessments, financial reviews, and payment verifications. Reviews cost-sharing reports ensuring that required partner commitments are being met and that in-kind contributions are valued in accordance with USAID guidelines. Conducts institutional and capacity-building training to grantees to enhance their understanding of USAID rules and regulations and strengthen their capabilities to safeguard U.S. funds. Participates as a resource person in regional seminars/workshops on financial management with an emphasis on the prevention of corruption - detection and prevention of fraud in public offices. The incumbent provides financial management training and expert financial advice to implementing partners and USAID staff. Serves as expert accounting and financial advisor for the Mission, the host government, the public international organizations, and the international contractors/grantees for USAID activities, budgetary controls, and other complex aspects of USAID Financial Management services. The incumbent, as an alter-ego and representative of the FAMO Director, is the senior USAID financial management official representative to the Technical Offices providing advice and guidance on the accounting and financial aspects of anticipated and ongoing activities; and, performs TDYs to other operating units to provide temporary coverage and training for Managers and/or Controllers while they are on leave or during gaps in assignments.

D. Financial Management Tools Administrator (20%):

Maintains the integrity of the accounting system (PHOENIX) by ensuring all entries in the Mission's official accounting records are correct and properly documented and in fulfillment of conditions precedent to disbursement. Oversees and monitors appropriate budgetary, financial management worksheets to tract program expenditures covering all program support and travel expenditures. In addition, s/he has the primary responsibility to oversee all OE and program quarterly reviews: (1) 1311 reviews for valid obligations, (2) accrual activity review process, (3) pipeline reports, and forward funding analyses. Resolves inconsistencies and ensures pipelines are maintained and reported at accurate levels. Oversees the provision of monthly, quarterly, and year-end reports on the financial status of activities, including narrative, statistical, and ad hoc reports as required by USAID/Washington and Mission Management; directs reviews of financial records to determine the status and validity of un-liquidated obligations, and initiates action to de-obligate funds in excess of determined requirements, and ensures the accuracy of USAID/Washington reports. Other activities include tracing intra-government payments and collections (IPACs) and accrual generation and verification. Coordinates the analysis and reconciliation of Mission accounts with those of the US Treasury and the US Disbursing Officer, including reporting of the Statement of Transactions (SF 224) to the US Treasury.
E. Capacity Building (15%):

The incumbent may be required to travel between 15 to 20 percent of the time to participate in strengthening partner’s systems. Works with the Local Capacity Development (LCD) teams in the capacity development programs for local non-governmental organizations (NGOs) by training NGOs in financial management. Performs TDYs in conjunction with the LCD team. Performs training for local NGOs and other missions staff geared towards strengthening their accounting systems.

The contractor is eligible for temporary duty (TDY) travel to the U.S., or to other Missions abroad, to participate in the "Foreign Service National" Fellowship Program, in accordance with USAID policy.

3. Supervisory Relationship:

Works under the direct supervision of the FAMO Director. The incumbent is expected to operate with a minimum of supervision, setting priorities and establishing deadlines. Completed work is reviewed for professional, technical adequacy, compliance with instructions, conformance to good accounting practices, and general quality levels. The job holder is expected to perform in a professional manner with considerable independence.
