Purpose

- Lays out the Administrator’s vision for international development and for USAID
- Translates goals of the U.S. National Security Strategy, Department of State and USAID Joint Strategic Plan, and other overarching U.S. foreign policy for USAID
- Articulates USAID’s approach to development cooperation and the policy, program, and operational priorities that follow from it
- Connects dots among major policy initiatives—new and established—and across sectors and types of assistance, in a unified framework
- Speaks to multiple audiences: USAID staff, implementing partners, partner-country governments, other collaborators, fellow donors, multilateral organizations, interagency counterparts, Congress, the wider development community, and the public
